## **Sacred Bounty Sacred Land The Seven Species Of The Land Of Israel:**

**Sacred Bounty Sacred Land** Joan Goodnick Westenholz,1998      **Song of Songs** J. Cheryl Exum,2005-01-01 This original commentary foregrounds at every turn the poetic genius of the Song of Songs one of the most elusive texts of the Hebrew Bible J Cheryl Exum locates that genius in the way the Song not only tells but shows its readers that love is strong as death thereby immortalizing love as well as in the way the poet explores the nature of love by a mature sensitivity to how being in love is different for the woman and the man Many long standing conundrums in the interpretation of the book are offered persuasive solutions in Exum s verse by verse exegesis The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing      **Landscapes of the Song of Songs** Elaine T. James,2017 Landscapes of the Song of Songs is an interdisciplinary study that develops a theory of landscape to explore the Song s conceptualization of the natural world New readings of the Song s poetry reveal how it imagines human lovers enfolded in complex relationships of fragility and care      **The Pillars of the First Temple (1 Kgs 7,15-22)** Daniel Prokop,2020-04-27 In this work Daniel Prokop examines the description of the pillars in 1 Kgs 7 15 22 He analyzes extrabiblical parallels Greek and Hebrew textual witnesses as well as iconography and archaeological finds and asks about the symbolic meaning of the columns      **Plant Metaphors in Prophetic Condemnations of Israel and Judah** Tina M. Sherman,2023-11-17 Tina M Sherman offers a first of its kind detailed analysis of prophetic passages that depict people as plants from grasses and grains to fruit trees and grapevines examining how the biblical authors exploited these metaphors to portray the condemnation and punishment of Israel and Judah in terms of the everyday work of crop farming and plant husbandry Additionally she explores how the prophetic authors employed plant imagery to construct national identities that emphasize the people s collective responsibility for the kingdoms fate Plant Metaphors in Prophetic Condemnations of Israel and Judah demonstrates the usefulness of combining conceptual metaphor theory with aspects of frame semantics in the analysis of patterns of thought and expression in biblical metaphor      Extreme Klimaereignisse und Hungerkatastrophen in den Prophetenbüchern Sara Kipfer,2023-03-20 Extreme Klimaereignisse und Hungerkatastrophen z hlen zu den kontinuierlichsten Problemen mit denen sich Menschen durch alle Zeiten hindurch auseinandersetzen mussten Gleichzeitig sind sie eng verflochten mit zeitlichen r umlichen und gesellschaftlichen Bedingungen Mit Methoden der historischen Hungerforschung und dem da etablierten Vulnerabilitätskonzept werden die Texte der Hebr ischen Bibel danach befragt wie die Menschen extreme Klimaereignisse wahrgenommen gedeutet und bew ltigt haben Dabei zeigt sich dass die Texte nie einfache monokausale Erkl rungen bereithalten sondern sich auf eine Reihe von unterschiedlichen teilweise widerspr chlichen Aussagen st tzen Gott Mensch und Natur erscheinen in dieser Vorstellung als Akteure die miteinander agieren und die Katastrophe gleicherma en mitverantworten Extreme climate events and famines are among the most continuous problems that humans have had to deal

with throughout the ages At the same time they are closely intertwined with temporal spatial and social conditions Using methods of historical hunger research and the established concept of vulnerability this study examines the texts of the Hebrew Bible to determine how people perceived interpreted and coped with extreme climate events In doing so it becomes apparent that the texts never provide simple monocausal explanations but rely on a number of different sometimes contradictory statements God humans and nature appear in this conception as actors who interact with each other and share equal responsibility for the catastrophe *L'eau, enjeux politiques et théologiques, de Sumer à la Bible* Stéphanie Anthonioz, 2009-10-23 This book investigates a corpus of royal inscriptions and literary texts with special emphasis on those that are mythological and biblical stretching over several millennia from the early days of Sumer to the Biblical period in order to determine the ways in which the concept of water was used in particular the way it functions in the political and theological ideology of the time Three literary motifs are the object of a careful study the crossing of water the flood and the water of abundance Though their study shows diversity in evolution transmission and reception it appears that their function is common at the heart of the Mesopotamian political theology of royal mediation **The Assyrian Sacred Tree** Mariana Giovino, 2007 Revised thesis doctoral University of Michigan Ann Arbor 2004 Dictionary of the Old Testament: Prophets G MCCONVILLE, MARK J BODA, 2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts

is explored in articles on the history of interpretation as well as on their impact in the New Testament

**A Comprehensive Catalog of Oil Lamps of the Holy Land from the Adler Collection** Noam Adler, 2004 The ceramic oil lamps in this collection once burned in the Holy Land lit by the oil of its abundant olive trees and conceived by the imagination of its early inhabitants The lamps symbols designs shape and decorations allow us to learn about the time and place they were made and the culture and standard of living of those who used them

Practicing Safer Texts Kenneth Stone, 2005-05-30 This book uses the ubiquitous comparison between food and sex as a framework for examining a number of texts from the Hebrew Bible as well as later readings of those texts and interpretive issues raised by the texts A range of biblical texts in which both food and sex appear are analyzed in an interdisciplinary fashion with the help of both traditional tools of biblical scholarship and less traditional tools such as Queer studies and cultural anthropology By utilizing a reading lens that relates food and sex to one another intentionally rather than treating them separately the book will among other things question the tendency of readers of the Bible to overstress the gravity of sexual matters in relation to other matters of potential ethical theological exegetical and cultural concern such as food At the same time as the title Practising Safer Texts indicates the book also proposes a pragmatic approach to biblical interpretation that uses strategies of safer sex as a sort of loose model Such an approach assesses texts and readings of the Bible not in a universalizing fashion but rather in terms of their likely effects for good or ill on particular readers in particular contexts and situations just as notions of safer sex ask us to assess sexual acts not in a moralizing fashion but rather in terms of their likely effects on particular persons
