Mimetic Theory Wolfgang Palaver,2013-01-01 A systematic introduction into the mimetic theory of the French American literary theorist and philosophical anthropologist Ren Girard this essential text explains its three main pillars mimetic desire the scapegoat mechanism and the Biblical difference with the help of examples from literature and philosophy This book also offers an overview of Ren Girard s life and work showing how much mimetic theory results from existential and spiritual insights into one s own mimetic entanglements Furthermore it examines the broader implications of Girard s theories from the mimetic aspect of sovereignty and wars to the relationship between the scapegoat mechanism and the question of capital punishment Mimetic theory is placed within the context of current cultural and political debates like the relationship between religion and modernity terrorism the death penalty and gender issues Drawing textual examples from European literature Cervantes Shakespeare Goethe Kleist Stendhal Storm Flaubert Dostoevsky Proust and philosophy Plato Camus Sartre L vi Strauss Derrida Vattimo Palaver uses mimetic theory to explore the themes they present A highly accessible book this text is complemented by bibliographical references to Girard s widespread work and secondary literature on mimetic theory and its applications comprising a valuable bibliographical archive that provides the reader with an overview of the development and discussion of mimetic theory until the present day **Disturbing Revelation: Leo Strauss, Eric Voegelin, and the Bible**

John J. Ranieri,2008 Ranieri shows how Leo Strauss and Eric Voegelin drew on biblical texts in their philosophies to explore the relationship between religion politics and violence while maintaining a deep ambivalence about the Bible s vision of life and its influence on politics and finally compares their thought with that of Ren Girard Provided by publisher *Tools for Peace* Andrew Marr,2007 A sixth century abbot who wrote a practical rule for his community and a twentieth century thinker who has roamed through literature cultural anthropology and religious thought what would these two men have in common to generate a conversation between them The religious study Tools for Peace The Spiritual Craft of St Benedict and Ren Girard combines their insights on how to understand and overcome violence in the world today In his Rule for monks St Benedict explored ways that people can live in peace with one another and with God Ren Girard probed human experience to seek the roots of violence that tears human communities apart and separates people from God A dialogue between this abbot and this modern thinker across fifteen centuries deepens the insights of both into the causes and cures of human violence and gives us the tools to apply their ideas in our troubled world For both St Benedict and Girard peace is rooted in God Anyone who yearns for harmony in the midst of the violence that surrounds us today can learn much from Tools for Peace essentially joining in a conversation between two people who share a desire for the serenity of God for all times

Blake Tyrrell, 2012-10-01 When Athenians suffered the shame of having lost a war from their own greed and foolishness around 404 BCE the public's blame was directed at Socrates a man whose unique appearance and behavior as well as his disapproval of the democracy made him a ready target Socrates was subsequently put on trial and sentenced to death However as Rene Girard has pointed out no individual can be held responsible for a communal crisis Plato's Apology depicts Socrates as both the bane and the cure of Greek society while his Crito shows a

sacrificial Socrates what some might consider a pharmakos figure the human drug through whom Plato can dispense his philosophical remedies With tremendous insight and satisfying complexity this book analyzes classical texts through the lens of Girard's mimetic mechanism
