and practical ministry *Children's Ministry in the Way of Jesus* David M. Csinos, Ivy Beckwith, 2013-09-30 Attract kids to church the logic often goes and you get parents in the pews All that's left is to get the kids out of the way Here children's ministers David Csinos and Ivy Beckwith draw on research in human development and spiritual formation to show how children become disciples and churches become centers of lifelong discipleship Let the Children Come Bonnie J. Miller-McLemore, 2019-03-01 Explore what faithful parenting might look like today In *Let the Children Come* Bonnie J Miller-McLemore explores the question What does faithful parenting look like today As she addresses this query she updates outmoded and distorted assumptions about and conceptions of children in popular US culture She also shows important insights and contributions religious traditions and communities Christianity in particular make as we examine how to regard and treat children well Miller-McLemore draws on historical and contemporary understandings of Christianity psychology and feminism to push back against negative trends such as the narcissistic use of children for adult benefit the market use of children to sell products and the failure to give children meaningful roles in the domestic work of the family and the life of wider society Miller-McLemore views children as full participants in families and religious communities and as human beings deserving of greater respect and understanding than people typically grant them In particular the book rethinks five ways adults have viewed and misperceived children as victims sinful gifts work the labor of love and agents Reimagining children she proposes will lead to a renewed conception of the care of children as a religious practice Toward More Family-Centered Family Sciences Howard M. Bahr, Kathleen S. Bahr, 2009-03-16 Much academic writing on families reflects the ideal of non involvement and distanced subject matter *Toward More Family-Centered Family Sciences* suggests that the family sciences in their effort to be scientific have perpetuated this distance between researcher and subject to the detriment of both The authors argue that family and kinship ties are transcendent ties boundary crossing in numerous ways They place an emphasis on family love in contrast and in addition to romantic love and criticize current approaches for neglecting the importance of transcendent concepts such as love commitment respect and sacrifice in the development and well being of family structures Drawing from insights both inside and outside of academia the authors seek to reincorporate transcendent concepts into the study of the family as a unit of society They argue for a more collaborative family-centered family science and offer recommendations for how family researchers might work to change the scientific monologue about families to a systemic dialogue with families **Nurturing Child and Adolescent Spirituality** Karen-Marie Yust, 2006 *Nurturing Child and Adolescent Spirituality: Perspectives from the World's Religious Traditions* provides a forum for prominent religious scholars to examine the state of religious knowledge and theological reflection on spiritual development in childhood and adolescence Featuring essays from thinkers representing the world's major religious traditions the book introduces new voices challenges assumptions raises new questions and broadens the base of knowledge and investment in this important domain of life It specifically and intentionally focuses on theological and philosophical perspectives from within religious

traditions creating space for the religious traditions to find their voices Nurturing Child and Adolescent Spirituality is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today's young people in a complex and changing world Nurturing Child and Adolescent Spirituality will set the stage for new waves of scholarship and dialogue within and across traditions disciplines and cultures that will enrich understanding and strengthen how the world's religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe **What We Have Seen**

and Heard Michael E. Perceptions of the Role of Biblical Narratives in Their Spiritual Formation Annie George, 2017-02-28 In the Bible storytelling is an important means to pass on the revelation of God God repeatedly commanded the people of Israel to tell his mighty acts to the next generation Invariably churches follow this mandate and use biblical narratives as a means to transmit God's self-revelation to enable transformation The author Dr Annie George listens to the voices of children in order to understand their perceptions of how storytelling of biblical narratives help them in their spiritual formation Dr George's research highlights the importance of evaluating the impact of biblical narratives from a child's perspective as well as emphasising the need to give the same priority to the spiritual transformation of children as with other areas of study and ministry A Community of Love David M. Thomas, 2007 A Community of Love will be welcomed by families and all those who minister with them Each chapter begins with a reflection on family by Pope John Paul II or Pope Paul VI and concludes with an original poem by the author In between are his practical ideas examples stories and convictions about how families function best when they are in tune with the divine plan Chapters include Heart Charged Moments Family Prayer Ordinary Holiness The School of Love Ups and Downs The Domestic Church *Perspectives*, 2003 Exploring and Engaging

Spirituality for Today's Children La Verne Tolbert, 2014-05-19 Exploring and Engaging Spirituality for Today's Children A Holistic Approach answers questions about the most effective ways to help children pre-teens and teens develop spiritually This collection of research gleaned from presentations during the Fourth Triennial Children's Spirituality Conference at Concordia University in 2012 is divided into four major sections 1 theological and historical foundations 2 engaging parents and congregations 3 engaging methodologies and 4 exploring children at risk child pornography social justice intercultural diversity and abstinence education Researchers acknowledge that the home is the foundation for Christian nurture In Exploring and Engaging Spirituality for Today's Children both scholars and ministry leaders come together with parents to promote a holistic environment where children are encouraged to love respect and obey God From birth to high school

Bibliography Arthur James Wells, 2005 A Heart of Many Rooms David Hartman, 2001-11 This work is not addressed only to scholars of Judaism or theologians but also and primarily to all Jews and non Jews who would like to share the thoughts and struggles of a person who loves Torah and Halakhah who is committed to helping make room for and celebrate the religious and cultural diversity present in the modern world and who believes that a commitment to Israel and to Jewish particularity must be organically connected to the rabbinic teaching Beloved are all human beings created in the image of God from the Introduction With clarity passion and outstanding scholarship David Hartman addresses the spiritual and theological questions that face all Jews and all people today From the perspective of traditional Judaism he helps us understand the varieties of twentieth century Jewish practice and shows that commitment to both Jewish tradition and to pluralism can create bridges of understanding between people of different religious convictions **Moses, the Prince, the Prophet** Levi Meier, 1999 How can the struggles of a great biblical figure help you to improve your life today To help us cope with the burdens of our own Egypt's author Levi Meier brings to life the struggles failures and triumphs that reveal the human side of Moses a central figure in Jewish Christian and Islamic traditions Engaging empowering and insightful Moses The Prince the Prophet shows how personal struggle and perseverance create a foundation for liberation and change while teaching us about ourselves our role in life our struggles and our relationship with God More than a biography Moses The Prince the Prophet is a personal guide to growth for each of us It explores a life intertwined with the story of a people from the Israelite Exodus from Egypt and the birth of a new nation to the Divine revelation at Mount Sinai Author Levi Meier chaplain clinical psychologist and rabbi knows how people struggle for healing and meaning in their lives He brings the drama of these events from biblical history into today to show the very human side of Moses a person who like ourselves experienced self doubt fear suffering failure and success Through examining Moses's experiences and the common threads they share with ours we are taught lessons for our lives Drawing on the stories in the Book of Exodus midrash finding contemporary meaning from ancient Jewish texts the teachings of Jewish mystics modern texts and psychotherapy Meier offers new ways to create our own path to self knowledge self fulfillment and self actualization and face life's difficulties head on *Love, Joy, and Sex* Stan Chu Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's *Amoris Laetitia* This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians social scientists and pastoral workers They offer African theological and

pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa s own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical clichés in world Christianity that Africa s opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent
