The Religion of the Patriarchs Augustine Pagolu, 1998-11-01 Patriarchal religion was distinct from both ancient Near Eastern and Israelite religions and compatible only with the patriarchal lifestyle portrayed in Genesis Since Wellhausen the study of patriarchal religion has

been chiefly confined either to the divine names or to the social and legal practices attested in Genesis and has neglected the patriarchal cultic practices altars pillars tithes vows and purifications frequently attested there In this study Pagolu investigates such aspects in the light of second millennium ancient Near Eastern and Israelite parallels concluding that the patriarchal practices bore no comparison to those of the ancient Near East or of Israel in that the patriarchs themselves offered sacrifices conducted prayer raised pillars and offered worship all without the aid of an established cult Thus patriarchal religion was distinct both from ancient Near Eastern religions and from the religion of Israel itself It is peculiar to the world of Genesis

The Goddess in Hindu-Tantric Traditions Anway Mukhopadhyay, 2018-04-20 The Great Goddess in her various puranic and tantric forms is often figured as sitting on a corpse which is identified as Shiva as shava God Shiva the consort of the Devi and an iconic representation of the Absolute without attributes the Nirguna Brahman Hence most of the existing critical works and ethnographic studies on Shaktism and the tantras have focused on the theological and symbolic paraphernalia of the corpses which operate as the asanas seats of the Devi in her various iconographies This book explores the figurations of the Goddess as corpse in several Hindu puranic and Shakta tantric texts popular practices folk belief systems legends and various other cultural phenomena based on this motif It deals with a more intricate and fundamental issue than existing works on the subject how and why is the Devi herself figured as a corpse in the Shakta texts belief systems and folk practices associated with the tantras The issues which have been raised in this book include how does death become a complement to life within this religious epistemology How does one learn to live with death thereby lending new definitions and new epistemic and existential dimensions to life and death And what is the relation between death and gender within this kind of figuration of the Goddess as death and dead body Analysing multiple mythic narratives hymns and scriptural texts where the Devi herself is said to take the form of the Shava the corpse as well as the Shakti who animates dead matter this book focuses not only on the concept of the theological equivalence of the Shava Shiva as corpse and the Shakti Energy in tantras but also on the status of the Divine Mother as the Great Bridge between the apparently irreconcilable opposites the mediatrix between Spirit and Matter death and life existence in stasis and existence in kinesis This book makes an important contribution to the fields of Hindu Studies Goddess Spirituality South Asian Religions Women and Religion India Studies in Shaktism and Tantra Cross cultural Religious Studies Gender Studies Postcolonial Spirituality and Ecofeminism
