demonstrates female and Jewish communists faced their own sets of difficulties in the movement to which they had given their all Drawing on previously inaccessible sources as well as extensive personal interviews Epstein offers an unparalleled portrait of the most enduring and influential generation of Central European communists In the service of their party these communists experienced solidarity and betrayal power and persecution sacrifice and reward triumph and defeat At once sordid and poignant theirs is the story of European communism from the heroic excitement of its youth to the bureaucratic authoritarianism of its middle age to the sorry debacle of its death Michelin Green Guide Germany Michelin, 2016-03-15 This eBook version of the updated Green Guide Germany organized by district for easy travel presents the best of the country Discover Germany's dynamic cities awe inspiring scenery and spirit lifting culture Take a walking tour of L beck's old town enjoy a biking tour of Berlin or head for Moselle Valley's picturesque villages Stop in a Dresden caf or indulge in a stein at Munich's Oktoberfest Michelin's celebrated star rating system color photos respected maps and trusted advice take you to the heart of Germany for an unforgettable journey Inside this eBook you ll find Full color photos and plenty of detail travelers look for Attractions reviewed and rated using Michelin's celebrated star rating system from the one star town of Wismar showing its old Swedish heritage to the three star Rhine Valley crowned with medieval castles and steeply terraced vineyards Inspiration section for exciting travel ideas Practical Information section now split between Before You Go and On Arrival for quicker reference Walk throughs of major museums galleries churches and attractions includes illustrations and floor plans Multiple Michelin driving tours across Germany to choose from such as Baden W rttemberg and the Lake Constance area or the streets of historic Dresden Michelin walking and driving tours offer a more in depth personal experience of the country Comprehensive illustrated sections on modern Germany its history architecture and culture all written by experts in their fields Sidebars throughout the guide on intriguing topics such as medieval water castles in the Munster region and East Frisian tea drinking customs Detailed visitor information for every attraction including opening hours tour times entry fees phone and website Michelin area and city maps Michelin area and city maps Recommendations for great places to eat and stay for every budget Download onto any kind of eReader tablet or smartphone and you re set to go Use the guide to orient yourself at any time with a treasure trove of 80 detailed maps even if you re offline with no Wi Fi or 3G connection With the interactive navigation it s easy to move within the guide Click from the index to a point of interest or from a sight description to its location on the map With one touch you can even phone an establishment directly from the page or click through to a website for more information No matter what eReader you use the Green Guide Germany eBook will help you discover Germany s treasures and provide the framework for a fascinating trip Central Europe Since 1945 Paul G. The Ghosts of Berlin Brian Ladd, 2018-05-01 Written in a clear and elegant style The Ghosts of Berlin is a superb guide to this process of urban self definition both past and present The Wall Street Journal In the twenty years since its original publication The Ghosts of Berlin has become a classic an unparalleled guide to understanding the presence of history in our built environment especially in a space as historically contested and emotionally fraught as Berlin Brian Ladd examines the ongoing conflicts radiating from the remarkable fusion of architecture history and national identity in Berlin Returning to the city frequently Ladd continues to survey the urban landscape traversing its ruins contemplating its buildings and memorials and carefully deconstructing the public debates and political controversies emerging from its past With erudition insight and restraint Brian Ladd carries off the dangerous task of analyzing architecture and urbanism in Berlin in terms of its horrific political past He convincingly argues that architecture embodies ideological meaning more powerfully than other artifacts of a society The New York Times Book Review Ladd examines the conflicts radiating from Berlin s

remarkable fusion of architecture history and national identity History Today His history of Berlin's architectural successes and failures reads entertainingly like a detective novel The New Republic Ladd's balanced sensitive chronicle of the Berlin's traumatized topography brings the past into focus Harvard Design Magazine The East German Leadership, 1946-73 Peter Grieder, 1999 Since the publication of The Woman Warrior in 1976 Maxine Hong Kingston has gained a reputation as one of the most popular and controversial writers in the Asian American literary tradition In this volume Grice traces Kingston's development as a writer and cultural activist through both ethnic and feminist discourses investigating her novels occasional writings and her two book life writing project The publication of The Woman Warrior not only propelled Kingston into the mainstream literary limelight but also precipitated a vicious and ongoing controversy in Asian American letters over the authenticity or fakery of her cultural references Grice traces the debates through the appearance of China Men 1981 as well as the novels Tripmaster Monkey 1989 and her most recent work The Fifth Book of Peace Maxine Hong Kingston will be of value to students and academics researching in the areas of diaspora writing contemporary American and Asian Amercianfiction as well as feminist and postcolonial literature Beaten But Not Defeated Merilyn Moos, 2014-10-31 Siegi Moos an anti Nazi and active member of the German Communist Party escaped Germany in 1933 and exiled in Britain sought another route to the transformation of capitalism This biography charts Siegi's life starting in Germany when he witnessed the Bavarian uprisings of 1918 19 and moving to the later rise of the extreme right We follow his progress in Berlin as a committed Communist and an active anti Nazi in the well organised Red Front before much of the German Communist party KPD took the Nazis seriously and his deep involvement in the Free Thinkers and in agit prop theatre The book also describes Siegi's life as an exile the loss of family comrades his first language and ultimately his earlier political beliefs Against a background of the loneliness of exile the political and the personal became indissolubly intertwined when Siggi s wife Lotte had a relationship with an Irish Soviet spy Lastly we look into Siggi s time as a research worker at the prestigious Oxford Institute of Statistics at Oxford University from 1938 becoming an economic advisor under the Labour Prime Minister Wilson 1966 1970 and how finally after retirement he returned to writing The Conditions, Means and **Methods of the MfS in the GDR** Nessim Ghouas, 2004 White Eagle, Black Eagle Robert Parkin, 2023-06-09 Studying the German Polish ethnic relations this book analyses the people and region through their respective borderlands migration official cooperation and unofficial suspicions across the border The main conclusion is that while officialdom is generally keen to develop cross border ties which ordinary people do take advantage of these tend to be much more sceptical of the potential impact to their lives in what remains an economically depressed area despite cross border cooperation having been possible for several decades Protestants in Communist East Germany Wendy R. Tyndale, 2016-04-15 This is the story of how the Protestants in the GDR struggled to survive while striving to put their theology into practice and remaining true to their vision of what the role of the church should be a church for others as Dietrich Bonhoeffer put it Having taken the reader from the foundation of the GDR through the peaceful revolution to the unification of Germany the story ends with some reflections on the church's past as well as on the challenges it faces in present day Europe Protestants in Communist East Germany makes a unique contribution to existing literature by drawing not only on written sources but on a series of first hand interviews with theologians pastors and lay people of different ages whose experiences views and analyses bring the story to life The East German church's relationship to the state will probably always remain controversial and the vision for a different socialism in the GDR espoused by those involved in the peaceful revolution may now be considered illusory Nevertheless many of the issues raised by the Protestants in the GDR remain as vital challenges to the churches in Europe today Foreword by Paul Oestreicher Checkpoint Charlie Iain MacGregor, 2020-11-10 A constantly captivating well researched and often moving The Wall Street Journal history of Checkpoint Charlie the famous military gate on the border of East and West Berlin where the United States confronted the USSR during the Cold War In the early 1960s East Germany committed a billion dollars to the creation of the Berlin Wall an eleven foot high barrier that consisted of seventy nine miles of fencing 300 watchtowers 250 guard dog runs twenty bunkers and was operated around the clock by guards who shot to kill Over the next twenty eight years at least five thousand people attempt to smash through it swim across it tunnel under it or fly over it In 1989 the East German leadership buckled in the face of a civil revolt that culminated in half a million East Berliners demanding an end to the ban on free movement The world's media flocked to capture the moment which perhaps more than any other signaled the end of the Cold War Checkpoint Charlie had been the epicenter of global conflict for nearly three decades Now in capturing the essence of the old Cold War MacGregor may just have helped us to understand a bit more about the new one The Times London the mistrust oppression paranoia and fear that gripped the world throughout this period Checkpoint Charlie is about the nerve wracking confrontation between the West and USSR highlighting such important global figures as Eisenhower Stalin JFK Nikita Khrushchev Mao Zedung Nixon Reagan and other politicians of the period He also includes never before heard interviews with the men who built and dismantled the Wall children who crossed it relatives and friends who lost loved ones trying to escape over it military policemen and soldiers who guarded the checkpoints CIA MI6 and Stasi operatives who oversaw operations across its borders politicians whose ambitions shaped it journalists who recorded its story and many more whose living memories contributed to the full story of Checkpoint Charlie
