Saemtliche Werke 2vol

John R. Betz

Saemtliche Werke 2vol:

A Catalogue of the Genuine Library, Prints, and Books of Prints, of an Illustrious Personage, Lately Deceased. Which Will be Sold by Auction, on Wednesday the 9th of June, 1819, and the Following Days, by Mr. Christie, at His Halls in Pall-Mall ... and at Messrs. Nicol's, Book Sellers to His Majesty, Pall Mall Charlotte (consort of George III, King of Great Britain), 1819

The Publishers' Trade List Annual, 1887 *The Hamburg Dramaturgy* by G.E. Lessing Natalya Baldyga, 2018-10-26

While eighteenth century playwright and critic Gotthold Ephraim Lessing made numerous contributions in his lifetime to the theater the text that best documents his dynamic and shifting views on dramatic theory is also that which continues to resonate with later generations the Hamburg Dramaturgy Hamburgische Dramaturgie 1767 69 This collection of 104 short essays represents one of the eighteenth century's most important critical engagements with the theater and its potential to promote humanistic discourse Lessing's essays are an immensely erudite deeply engaged witty ironic and occasionally scathing investigation of European theatrical culture bolstered by deep analysis of Aristotelian dramatic theory and utopian visions of theater as a vehicle for human connection This is the first complete English translation of Lessing's text with extensive annotations that place the work in its historical context For the first time English language readers can trace primary source references and link Lessing's observations on drama theory and performance not only to the plays he discusses but also to dramatic criticism and acting theory This volume also includes three introductory essays that situate Lessing's work both within his historical time period and in terms of his influence on Enlightenment and post Enlightenment theater and criticism The newly translated Hamburg Dramaturgy will speak to dramatists directors and humanities scholars who see theater not only for entertainment but also for philosophical and political debate **Philo-Semitism in**

Nineteenth-Century German Literature Irving Massey, 2014-05-14 The work begins with an attempt to understand the philosophy of Nazism and its attendant anti-Semitism as a necessary prelude to the study of philo-Semitism which also displays a continuous tradition to the present day Most of the non-Jewish authors in Germany in the nineteenth century expressed both anti-Semitic and philo-Semitic views as did most of the German Jewish authors of that same time the following work deals with philo-Semitic texts by the non-Jewish authors of the period The writer who provides the largest body of relevant material is Leopold von Sacher-Masoch but works by Gutzkow Bettine von Arnim Annette von Droste-Hilshoff Hebbel Freytag Raabe Fontane Grillparzer Ebner Eschenbach Anzengruber and Ferdinand von Saar are also examined as are several tales by the Alsatian authors Erckmann and Chatrian There is a short chapter on women and philo-Semitism The conclusion draws attention to the feelings of guilt that are revealed in a number of the texts **Echoland** Gerald Ernest Paul Gillespie, Gerald Gillespie, 2006 This book follows several major European literary echoes still reverberating since the mysterious emergence of such archetypal figures as Faust Hamlet Quixote and Don Juan alongside lingering ancient and medieval protagonists in the Renaissance Four centuries of attempts to redefine modern identity are traced against the

evolution of a new genre of totalizing encyclopaedic literature the humoristic tradition which re weaves the positive and negative strands of the European and today also New World grand narrative The book s method inspired by Joyce is to listen to recurrent motifs in the cultural flow from Humanism to Postmodernism for clues to an identity transcending the personal

The Hitler Youth H. W. Koch,2000-08-08 A former member of the HitlerJugend the author offers a rare look at the emergence structure and history of this totalitarian Nazi organization **Walter Benjamin** M. Kohlenbach,2002-09-06 Walter Benjamin s work represents one of the most radical and controversial responses to the problems of twentieth century culture and society This new interpretation analyzes some of the central enigmatic features of his writing arguing that they result from the co presence of religious scepticism and the desire for a religious foundation of social life Margarete Kohlenbach focuses on the structure of self reference as an expression of Benjamin s sceptical religiosity and examines its significance in his writing on language literature and the cinema as well as history politics and modern technology

Philosophy and German Literature, 1700-1990 Nicholas Saul,2002-05-02 Although the importance of the interplay of literature and philosophy in Germany has often been examined within individual works or groups of works by particular authors little research has been undertaken into the broader dialogue of German literature and philosophy as a whole *Philosophy and German Literature 1700 1990* offers six chapters by leading specialists on the dialogue between the work of German literary writers and philosophers through their works The volume shows that German literature far from being the mouthpiece of a dour philosophical culture dominated by the great names of Leibniz Kant Hegel Marx Heidegger and Habermas has much more to offer while possessing a high affinity with philosophy it explores regions of human insight and experience beyond philosophy s ken **The Evolution of Organ Music in the 17th Century** John R. Shannon,2014-01-10 The 17th century was the century of the organ in much the same way the 19th century was the century of the piano Almost without exception the major composers of the century wrote for the instrument and most of them were practicing organists themselves This historical book surveys analyzes and discusses the major national styles of 17th century European organ music Due to the extraordinarily extensive body of literature produced during this 100 year period this text includes 350 musical examples to illustrate the various styles The book also includes brief discussions of the various national styles of organ building an appendix about the various notational methods used in the 17th century and a chapter on Spain and Portugal written by Andre Lash an expert on the subject **A Brahms Reader** Michael Musgrave,2000-01-01 Johannes Brahms 1833 1897 was prominent not only as a composer but as a pianist conductor editor scholar collector and friend of many notables He was also in private an articulate critic connoisseur of other arts and traveler In this enlightening book the eminent Brahms scholar Michael Musgrave presents a comprehensive and original account of the composer s private and professional lives Drawing on an array of documentary materials Musgrave weaves together diverse strands to illuminate Brahms s character and personality his outlook as a composer his attitudes toward other composers his activities as pianist

and conductor his scholarly and cultural interests his friendships with Robert and Clara Schumann and others his social life and travel and critical attitudes toward his music from his own time to the present The book quotes extensively from Brahms's own words and those of his circle Musgrave mines the composer's letters reminiscences of his contemporaries early biographies reviews and commentary by friends critics and scholars to create an unparalleled source of information about Brahms The author sets the materials in context identifies sources in detail includes a glossary of information on principal individuals and notes recent research on the composer This engaging biographical work with a gallery of illustrations will appeal to general music lovers as well as to scholars with a special interest in Brahms Volume 9: Kierkegaard and

Existentialism Jon Stewart, 2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement **Virtue and the Veil of Illusion** Dorothea E. von Mücke, 1991 A

Stanford University Press classic **Catalogue of a Very Unusual Collection of Periodical Sets and Academy Publications** Martinus Nijhoff, 2013-11-21 **The Cambridge Modern History** Sir Adolphus William Ward, George Walter Prothero, Sir Stanley Mordaunt Leathes, 1909 **Schubert's Poets and the Making of Lieder** Susan Youens, 1999-10-28 Lieder began with words with the composer's discovery of a poet and a poetic work but the scholarly study of lieder has tended to bypass those origins Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent and yet many of these writers were highly esteemed in their day In her highly acclaimed study Susan Youens has chosen four such poets Gabriele von Baumberg Theodor Körner Johann Mayrhofer and Ernst Schulze in order to reexamine their lives works and Schubert's music to their verse All four poets were vivid inhabitants of a vivid era and their tribulations afford us added insight into the upheavals the manners and mores of their day **Biographical Dictionary of Twentieth-Century Philosophers** Stuart Brown, Diane Collinson, Robert Wilkinson, 2012-09-10 This Biographical Dictionary provides detailed accounts of the lives works influence and reception of thinkers from all the major philosophical schools and

traditions of the twentieth century This unique volume covers the lives and careers of thinkers from all areas of philosophy from analytic philosophy to Zen and from formal logic to aesthetics All the major figures of philosophy such as Nietzsche Wittgenstein and Russell are examined and analysed The scope of the work is not merely restricted to the major figures in western philosophy but also covers in depth a significant number of thinkers from the near and far east and from the non European Hispanic language communities The Biographical Dictionary also includes a number of general entries dealing with important schools of philosophy such as the Vienna Circle or currents of thought such as vitalism These allow the reader to set the individual biographies in the context of the philosophical history of the period With entries written by over 100 leading philosophy scholars the Biographical Dictionary is the most comprehensive survey of twentieth century thinkers to date Structure The book is structured alphabetically by philosopher Each entry is identically structured for ease of access and covers nationality dates and places of birth and death philosophical style or school areas of interest higher education significant influences main appointments main publications secondary literature account of intellectual development and main ideas critical reception and impact At the end of the book a glossary gives accounts of the schools movements and traditions to which these philosophers belonged and thorough indexes enable the reader to access the information in several ways by nationality by major areas of contribution to philosophy e g aesthetics by major influences on the thinker concerned e g Plato Kant Wittgenstein

Christ the Logos of Creation: An Essay in Analogical Metaphysics John R. Betz, 2023-09-28 The Prologue of the Gospel of John identifies Jesus Christ as the eternal Word or Logos of the Father who became flesh for the salvation of the world Yet the world that Christ saves is his world from the beginning for he is also the Logos of creation the one through whom all things were made John 1 3 This divinely revealed claim has profound implications not only for theology but also for metaphysics whose relation to Christian doctrine was undermined over the course of the twentieth century such that the Christian faith has become an increasingly private affair rather than a credible account of reality and an invitation to participate more fully in it With *Christ the Logos of Creation* John Betz seeks to recover a Christ centered analogical metaphysics and to establish the indispensability of such metaphysics for Christian theology and the Christian vision of reality In Part I he dispels the fog of confusion about analogical metaphysics and addresses the ecumenical issues posed by Karl Barth's famous rejection of the *analogia entis* Part II demonstrates how analogical metaphysics helps to explain Christian doctrine and sheds new light on the interrelationship between individual doctrines including Trinitarian theology Christology and soteriology and theological anthropology In Part III Betz explores how this analogical perspective can aid in resolving a number of theological disputes including the metaphysical relationship between nature and grace and the issue of divine humility Finally Part IV outlines further directions toward a fully Christological metaphysics that is proportionate both to the challenges of modern theology and the reality of our life in Christ the Logos

Metamorphosis David Gallagher, 2009-01-01 The origins of selected instances of metamorphosis in Germanic literature

are traced from their roots in Ovid's Metamorphoses grouped roughly on an ascending evolutionary scale invertebrates birds animals and mermaids Whilst a broad range of mythological legendary fairytale and folktale traditions have played an appreciable part Ovid's Metamorphoses is still an important comparative analysis and reference point for nineteenth and twentieth century German language narratives of transformations Metamorphosis is most often used as an index of crisis an existential crisis of the subject or a crisis in a society's moral social or cultural values Specifically selected texts for analysis include Jeremias Gotthelf's Die schwarze Spinne 1842 with the terrifying metamorphoses of Christine into a black spider the metamorphosis of Gregor Samsa in Kafka's Die Verwandlung 1915 ambiguous metamorphoses in E T A Hoffmann's Der goldne Topf 1814 Hermann Hesse's Piktors Verwandlungen 1925 Der Steppenwolf 1927 and Christoph Ransmayr's Die letzte Welt 1988 Other mythical metamorphoses are examined in texts by Bachmann Fouqué Fontane Goethe Nietzsche Nelly Sachs Thomas Mann and Wagner and these and many others confirm that metamorphosis is used historically scientifically for religious purposes to highlight identity sexuality a dream state or for metaphoric metonymic or allegorical reasons

Gypsies and Orientalism in German Literature and Anthropology of the Long Nineteenth Century Nicholas Saul, 2007 Gypsies and Orientalism in German Literature and Anthropology of the Long Nineteenth Century Natural Supernaturalism Meyer Howard Abrams, 1973
