Shakespeare's True Life 189:

Shakespeare's True Life James Walter, 1896 Shakespeare's Comedy of Measure for Measure William Shakespeare, 1905 **The Works of William Shakespeare** William Shakespeare, 1904 **The Ethical Imagination in Shakespeare and Heidegger** Andy Amato, 2019-02-21 While large bodies of scholarship exist on the plays of Shakespeare and the philosophy of Heidegger this book is the first to read these two influential figures alongside one another and to reveal how they can help us develop a creative and contemplative sense of ethics or an ethical imagination Following the increased interest in reading Shakespeare philosophically it seems only fitting that an encounter take place between the English language's most prominent poet and the philosopher widely considered to be central to continental philosophy Interpreting the plays of Shakespeare through the writings of Heidegger and vice versa each chapter pairs a select play with a select work of philosophy In these pairings the themes events and arguments of each work are first carefully unpacked and then key passages and concepts are taken up and read against and through one another As these hermeneutic engagements and cross readings unfold we find that the words and deeds of Shakespeare's characters uniquely illuminate and are uniquely illuminated by Heidegger's phenomenological analyses of being language and art **Shakespeare beyond Doubt** Paul Edmondson, Stanley Wells, 2013-04-18 Did Shakespeare write Shakespeare The authorship question has been much treated in works of fiction film and television provoking interest all over the world Sceptics have proposed many candidates as the author of Shakespeare's works including Francis Bacon Christopher Marlowe and Edward De Vere the seventeenth Earl of Oxford But why and how did the authorship question arise and what does surviving evidence offer in answer to it This authoritative accessible and frequently entertaining book sets the debate in its historical context and provides an account of its main protagonists and their theories Presenting the authorship of Shakespeare's works in relation to historiography psychology and literary theory twenty three distinguished scholars reposition and develop the discussion The book explores the issues in the light of biographical textual and bibliographical evidence to bring fresh perspectives to an intriguing cultural phenomenon Introductory Albert Harris Tolman, 1910 *Outlines of the Life of Shakespeare* James Orchard Halliwell-Phillips, 1883 **Questions on Shakespeare: Introductory** Albert Harris Tolman, 1910 *Deconstructive Variations* Rose Rosengard Subotnik, 1996 **The Works of Shakespeare.
