

Shakespeare's Romances

BY HALLETT SMITH

Shakespeares Romances A Study Of Some Ways Of The Imagination

M. Hunt

Shakespeare's Romances A Study Of Some Ways Of The Imagination:

Shakespeare's Romances Hallett Smith,1972 **Shakespeare's Romances** Hallett Smith,1972 Smith deals with those plays from the late period of Shakespeare's career that are not comedies tragedies or histories Pericles Cymbeline The Winter's Tale The Tempest and The Two Noble Kinsmen *Shakespeare's Romance of the Word* Maurice Hunt,1990 This work is a critical study of Pericles Cymbeline The Winter's Tale and The Tempest with a focus on Shakespeare's exploration of language in its destructive potentialities and its redemptive workings **The Cambridge Companion to Shakespeare's Last Plays** Catherine M. S. Alexander,2009-07-16 In this book leading international Shakespeare scholars consider the significant characteristics of Shakespeare's last plays and place them in their Jacobean context **A Companion to Romance** Corinne Saunders,2008-04-15 Romance is a varied and fluid literary genre notoriously difficult to define This groundbreaking Companion surveys the many permutations of romance throughout the ages Considers the literary and historical development of the romance genre from its classical origins to the present day Incorporates discussion of the changing readership of romance and of romance's special relation to women readers Comprises 30 essays written by leading authorities on different periods and sub genres Challenges the idea that the appeal of romance is exclusively escapist Draws on a wide range of specific and influential literary examples Inchbald, Hawthorne and the Romantic Moral Romance Ben P Robertson,2015-10-06 Explores the connections between British and American Romanticism focusing on the novels of Elizabeth Inchbald 1753 1821 and Nathaniel Hawthorne 1804 64 This study argues that Inchbald and Hawthorne are representative of a larger British American cultural confluence during the eighteenth and nineteenth centuries

Romances William Shakespeare,1997-04-07 William Shakespeare's last four plays carry us across space and time from classical antiquity to Roman Britain to pagan Sicily to a remote island and they move as well into a wilder geography of the imagination one dominated by the wondrous and fantastical and by reconciliation and renewal Pericles Cymbeline The Winter's Tale and The Tempest are famously fraught with shipwrecks and adventures magic and disguise speaking statues and ethereal spirits tragic deceptions and moving reunions and they number among the most enduringly delightful of Shakespeare's works The texts of the plays authoritatively edited by Sylvan Barnet are supplemented here with textual notes a bibliography a detailed chronology of Shakespeare's life and times and a substantial introduction in which acclaimed scholar Tony Tanner discusses each play individually and in the context of Shakespeare's oeuvre Shakespeare's As You Like It M. Hunt,2008-02-04 This book is a study of As You Like It which shows how the play represents issues of interest to literate playgoers of its time as well as speculatively to Shakespeare himself *The Staging of Romance in Late Shakespeare* Christopher J. Cobb,2007 This book examines Shakespeare's response in his late plays to the challenge of making romance stories believable through theatrical representation and the kind of experience the late plays in performance seek to create for their spectators Taking The Winter's Tale as a case study the book's central chapters

demonstrate how Shakespeare tests and transforms the techniques to create the sweeping restorative transformations of individuals and communities that are central to both earlier dramatic romances and Shakespeare's own romance experiments. The book's three other chapters address the methodologies for study of spectator's experience through a dramatic text: the history of dramatic romance to 1610 and Shakespeare's further experiments with the staging of romance after *The Winter's Tale*.

The Definitive Shakespeare Companion Joseph Rosenblum, 2017-06-22 This expansive four volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age: life, theater, texts, and language. Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources; and exploration of issues important to his age: the interpretation of his works through productions from the Renaissance to the present and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries, discussions of themes, characters, language, and imagery, and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.

Eventually, you will extremely discover a other experience and capability by spending more cash. yet when? pull off you take that you require to get those every needs bearing in mind having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more almost the globe, experience, some places, in the same way as history, amusement, and a lot more?

It is your completely own become old to con reviewing habit. in the midst of guides you could enjoy now is **Shakespeares Romances A Study Of Some Ways Of The Imagination** below.
