behavior turns abusive Leah is filled with self doubt confusion and depression Leah must now come to terms with the fact that the man she loves and wants to marry is abusive She is approached with confusion on all sides especially when her family doesn't want to believe in Shalom's abusive behavior Leah must look inside of herself to find the strength to overcome the situation In this novel based on true events a young Jewish woman who becomes embroiled in an abusive relationship over the course of several years must somehow find the strength to overcome the pain and allow her heart to open up again

Aqedah Jean-Pierre Fortin, Heiko Schulz, 2025-01-27 The Aqedah i.e. the story of the binding of Isaac by Abraham is a core text in all three Abrahamic religions and has been widely discussed in Judaism Christianity and Islam for centuries It still represents an intellectual moral and spiritual challenge for anyone who claims to be able to link morality and faith in God in a reasonably comprehensible way The contributions in this anthology address this challenge from philosophical theological and literary perspectives by considering exemplary problems epochs and authors pertaining to all three Abrahamic religions The first part contains seven contributions exploring the epistemic and/or philosophical dimensions of the Aqedah The second part contains nine essays on the history of the interpretation of the Aqedah from Israelite Jewish Christian and Islamic perspectives The three texts in the third and final part discuss narratological issues and reflections of the problem within modern Hebrew literature The volume complements and expands the existing scholarship on the subject above all through its consistently interreligious approach and the inclusion of current philosophical and literary sources and debates **The Tree**

of Life, Book Two Chava Rosenfarb, 2005-10-20 This volume describes the lives of the novel's protagonists in the Lodz Ghetto at the beginning of World War II Chava Rosenfarb herself a survivor of the Lodz Ghetto Auschwitz and Bergen Belsen draws on her own history to create realistic characters who struggle daily to retain a sense of humanity and dignity despite the physical and psychological effects of ghetto life Although horrendous experiences are depicted the light of faith in the human spirit shines through this novel's every page **International Legitimacy and the Politics of Security** Alan

Craig, 2013-06-20 Delegitimation has become the new battleground for Israel and the critics of Israeli military operations But the Israeli experience reveals a more general engagement where all states act strategically to build legitimacy for their policies and all resist attempts at delegitimation To understand these processes it is necessary to see how politicized moral and legal judgments shape both the use of force by states and our judgments about the means and the outcomes This is a book about legitimacy military lawyers and security More particularly it is about how the legitimacy of Israel's asymmetric military operations cannot be detached from the politics of law and ethics Sometimes it is enough that states respect the laws of armed conflict but at other times they may be held to a higher standard This does not happen in a vacuum Rather it is the product of political engagement in the murky politics of international legitimacy where standards are negotiable and some states get a harder time than others There is a strong theoretical analysis underpinning a discussion that constantly returns to the practical problems of modern armed conflict where combatants hide among civilians and states complain about the

unrealistic expectations of human rights NGOs Here the law is unclear and there are choices to be made The book presents new research into the involvement of Israeli military lawyers in operational targeting decision making that has life and death consequences The case studies concern targeted killing during the Second Intifada Israel s 2006 Lebanon War the 2009 Operation Cast Lead in Gaza and finally the 2010 Israeli maritime interception of the Turkish Flotilla to Gaza The investigation identifies a struggle between the proponents of human rights in war and those who promote the rights of states to deploy military force for the security of their citizens But not all parties to a military conflict are held to the same standards In fact the analysis maps a complex political deployment of law and ethics in the strategic calculation of legitimacy costs and the diplomatic processes whereby they are contested with policy implications for those in charge of the design and execution of military operations

The Collected Sermons of Walter Brueggemann Walter Brueggemann, 2011-01-01 In addition to being one of the world s leading interpreters of the Old Testament Walter Brueggemann is a skilled and beloved preacher This collection of sermons demonstrates Brueggemann s fidelity to biblical texts which come alive with meaning in our contemporary world Throughout Brueggemann also reflects on his preaching The book features a biblical index as well as a foreword by Samuel Wells of Duke University who writes Enjoy this volume from a master exegete a master theologian and a master preacher They really are neat sermons And they re for you
