The Israeli Peace Movement Tamar S. Hermann, 2009-09-14 This book discusses the predicament of the Israeli peace movement which paradoxically following the launching of the Oslo peace process between Israel and the Palestinians in 1993 experienced a prolonged fatal decline in membership activity political significance and media visibility After presenting the regional and national background to the launching of the peace process and a short history of Israeli peace activism the book focuses on external and internal processes and interactions experienced by the peace movement after some basic postulates of its agenda were actually although never explicitly embraced by the Rabin government The book concludes that despite its organizational decline and the zero credit given to it by the policy makers in retrospect it appears that the movement contributed significantly to the integration of new ideas for possible solutions to the Middle East conflict in the Israeli mainstream political discourse

Theological Anthropology in the Anthropocene Jan-Olav Henriksen, 2022-12-14 The Anthropocene presents theology and especially theological anthropology with unprecedented challenges There are no immediately available resources in the theological tradition that reflect directly on such experiences Accordingly the situation calls for contextually based theological reflection of what it means to be human under such circumstances This book discusses the main elements in theological anthropology in light of the fundamental points a that theological anthropology needs to be articulated with reference to and informed by the concrete historical circumstances in which humanity presently finds itself and b that the notion of the Anthropocene can be used as a heuristic tool to describe important traits and conditions that call for a response by humanity and which entail the need for a renewal of what a Christian self understanding means Jan Olav Henriksen explores what such a response entails from the point of view of contemporary theological anthropology and discusses selected topics that can contribute to a contextually based position
