Prisoners of Shangri-La Donald S. Lopez Jr.,2012-12-31 Prisoners of Shangri La is a provocative analysis of the romance of Tibet a romance that even as it is invoked by Tibetan lamas living in exile ultimately imprisons those who seek the goal of Tibetan independence from Chinese occupation Lopez lifts the veil on America s romantic vision of Tibet to reveal a country and a spiritual history more complex and less ideal than popular perceptions allow Lively and engaging Lopez s book raises important questions about how Eastern religions are often co opted assimilated and misunderstood by Western culture Publishers Weekly Proceeding with care and precision Lopez reveals the extent to which scholars have behaved like intellectual colonialists Someone had to burst the bubble of pop Tibetology and few could have done it as resoundingly as Lopez Booklist Fascinating A provocative exploration Lopez conveys the full dizziness of the Western encounter with Tibet and Tibetan Buddhism Fred Pheil Tricycle The Buddhist Review A timely and courageous exploration Lopez s book will sharpen the terms of the debate over what the Tibetans and their observers can or should be doing about the place and the idea of Tibet And that alone is what will give us all back our Shambhala Jonathan Spence Lingua Franca Book Review Lopez s most important theme is that we should be wary of the idea that Tibet has what the West lacks that if we were only to look there we would find the answers to our problems Lopez s book shows that on the contrary when the West has looked at Tibet all that it has seen is a distorted reflection of itself Ben Jackson Times Higher Education Supplement

Eurasia Without Borders Katerina Clark,2021-11-02 A long awaited corrective to the controversial idea of world literature from a major voice in the field Katerina Clark charts interwar efforts by Soviet European and Asian leftist writers to create a Eurasian commons a single cultural space that would overcome national cultural and linguistic differences in the name of an anticapitalist anti imperialist and later antifascist aesthetic At the heart of this story stands the literary arm of the Communist International or Comintern anchored in Moscow but reaching Baku Beijing London and parts in between Its mission attracted diverse networks of writers who hailed from Turkey Iran India and China as well as the Soviet Union and Europe Between 1919 and 1943 they sought to establish a new world literature to rival the capitalist republic of Western letters Eurasia without Borders revises standard accounts of global twentieth century literary movements The Eurocentric discourse of world literature focuses on transatlantic interactions largely omitting the international left and its Asian members Meanwhile postcolonial studies have overlooked the socialist aligned world in favor of the clash between Western European imperialism and subaltern resistance Clark provides the missing pieces illuminating a distinctive literature that sought to fuse European and vernacular Asian traditions in the name of a post imperialist culture Socialist literary internationalism was not without serious problems and at times it succumbed to an orientalist aesthetic that rivaled any coming from Europe Its history is marked by both promise and tragedy With clear eyed honesty Clark traces the limits compromises and achievements of an

ambitious cultural collaboration whose resonances in later movements can no longer be ignored
