Laws, Policies, Attitudes and Processes That Shape the Lives of Puppies in America Carmen M. Cusack, 2016-03-01 Puppies nubile tender and pure have become endeared to U.S. society and to some extent the world Puppies are the holy grail of animal companions to Americans They are glorified above other animals and protected by numerous laws yet they are systematically lawfully and illegally abused tortured and killed A vast array of opinions policies protocols rules regulations and laws govern treatment or mistreatment of puppies demonstrating that appreciation for puppies is neither ubiquitous nor superseding Puppies may be subjected to painful product testing in the U.S. but not in Europe despite their glorified status above other animals This book details the myriad of laws policies attitudes misfortunes and processes shaping puppies' lives in America Specialized topics such as Bestiality Child Grooming Pornography Film Mythology and Art are addressed to build an argument that overall treatment of puppies in the U.S. reflects priorities needs values and morals which are contextually based on human desires capabilities survival mechanisms altruism American family life and the economy The randomized yet selective treatment of puppies typifies American culture and to some extent other cultures at least in the American purview The author analyzes physiological comparisons between humans and dogs to discover why Americans may be so interested in puppies The foundations of this research are law social and behavioral science policies history politics animal studies animal welfare criminal justice sociology anthropology and current events
