Share Of Freedom:

The Courageous Gospel Robert Allan Hill, 2013-06-04 The Courageous Gospel is intended for use alongside a commentary by Ashton Brown Bultmann Barrett and others in a class introducing the Fourth Gospel. The book has four parts: A succinct summary of key matters of introduction; A collection of sermons on the Gospel's core chapters with reflective reminiscence and remembrance of what Raymond Brown said in lecture about the Gospel thirty years ago; A series of background lectures that attempt on the one hand to honor the key insights of the current opinion community that Jewish apocalyptic explains John and on the other hand to open the door to further insights from an older perspective needed for a full appreciation of John that the Hellenistic Gnostic background explains John; A set of pedagogical appendices employable in the classroom to aid discussion. Together these components attempt to provide the necessary second book for an introduction to the Fourth Gospel, engaging the commentaries with the hermeneutical, homiletical, exegetical, and pastoral implications of a first level study of John. **Department of State News Letter** United States. Inheritance of Democracy Samir Haddad, 2021-12-22 Derrida and the Inheritance of Democracy provides a theoretically rich and accessible account of Derrida's political philosophy. Demonstrating the key role inheritance plays in Derrida's thinking, Samir Haddad develops a general theory of inheritance and shows how it is essential to democratic action. He transforms Derrida's well-known idea of democracy to come into active engagement with democratic traditions. Haddad focuses on issues such as hospitality, justice, normativity, violence, friendship, birth, and the nature of democracy as he reads these deeply political writings. The Complete Works Henry George, 1904 **Liberal Equality** Amy Gutmann, 1980-09-30 This book makes a significant contribution to the tradition of liberal political theory; it explores the foundations and limits of the idea of equality within that theory and offers a sustained argument for a persuasive new view of liberalism. Liberal thinking has always displayed a tension between the claims of liberty and those of equality. Professor Gutmann examines the contributions of liberal theorists from Locke to Rawls on the subject of two kinds of equality: equality of opportunity to participate and the equal distribution of economic goods. Valuing both, she shows that far from being alternatives, the two ideals are compatible to a much greater degree than has previously been thought. Liberal Equality restores egalitarianism to political theory in a way that will forcefully challenge its critics to deeper reflection. Freedom's Way Zephyr
