

THE SHARED EXPERIENCE OF ILLNESS

STORIES OF PATIENTS,
FAMILIES, AND THEIR THERAPISTS

"This markedly personal book is not just a revelation but an inspiration."
—FRANK PITTMAN, M.D., author of *Man Enough*

Edited by
SUSAN H. McDANIEL, JERI HEPWORTH,
AND WILLIAM J. DOHERTY

Shared Experience Of Illness

Pasquale De Marco

Shared Experience Of Illness:

The Shared Experience Of Illness Susan H. McDaniel, Jeri Hepworth, William J. Doherty, H McDaniel, 2009-08-05 In the narrative of every human life and family illness is a prominent character Even if we have avoided serious illness ourselves we cannot escape its reach into our circle of family and friends Illness brings us closer to one another through caregiving and separates us through disability and death yet little attention has been paid to personal and family illness in psychotherapy Rather therapists tend to focus on the psychosocial realm leaving the biological realm to other physicians and nurses Susan H McDaniel Jeri Hepworth and William J Doherty invited therapists who work with individuals and families experiencing chronic illness and disability to describe clinical cases that illustrate their approach to medical family therapy Contributors then were asked to share a personal story about their experiences with illness and to explain how those experiences affect the way they work with their clients Vivid case studies dealing with a range of illnesses including cancer infertility schizophrenia AIDS heart disease diabetes asthma and multiple sclerosis show how the therapists own experiences of illness are relevant to their care of others and how these experiences can be used to form a healing bond in therapy Poignant honest and illuminating *The Shared Experience of Illness* allows us to understand more fully the relationship between the personal and the professional

The Shared Experience of Illness Susan H. McDaniel, Jeri Hepworth, William Joseph Doherty, 1997 This volume shows the powerful benefits that can emerge when therapists acknowledge illness as a vital part of everyone's psychology Susan H McDaniel Jeri Hepworth and William J Doherty invited therapists who work with individuals and families experiencing chronic illness and disability to describe clinical cases that illustrate their approach to medical family therapy Contributors then were asked to share a personal story about their experiences with illness and to explain how those experiences affect the way they work with their clients Vivid case studies dealing with a range of illnesses including cancer infertility schizophrenia AIDS heart disease diabetes asthma and multiple sclerosis show how the therapists own experiences of illness are relevant to their care of others and how these experiences can be used to form a healing bond in therapy

Shared Experience of Illness: stories of Patients, families sw; doherty mcdaniel (wj, (eds)), 1997 *Helping Couples and Families Navigate Illness and Disability* John S. Rolland, 2018-04-20 Couples and families face daunting challenges as they cope with serious illness and disability This book gives clinicians a roadmap for helping affected individuals and their loved ones live well with a wide range of child adult and later life conditions John S Rolland describes ways to intervene with emerging challenges over the course of long term or life threatening disorders Using vivid case examples he illustrates how clinicians can help families harness their strengths for positive adaptation and relational growth Rolland's integrated systemic approach is useful for preventive screening consultations brief counseling more intensive therapy and multifamily groups across health care settings and disciplines This book significantly advances the clinical utility of Rolland's earlier landmark volume *Families Illness and Disability* A Multi-Perspective Approach to Narratives in Health Communication

Julie E. Volkman,2025-07-10 This edited volume offers an accessible avenue for improving health and well being by demonstrating the power of narrative in advocating for yourself your family and your community Leading scholars of health communication draw on a variety of perspectives theories and methodologies and incorporate their own personal experiences of narratives to demonstrate the compelling reasons why narratives should be studied and applied in a wide range of health contexts Each chapter contains future directions for advancing research and applying narratives to encourage readers to explore what narratives for health mean for themselves and others Affectivity and Learning Pablo Fossa,Cristian

Cortés-Rivera,2023-07-27 This book presents an interdisciplinary approach to the study of affectivity and human learning by bridging the gap between neuroscience cultural and cognitive psychology It brings together studies that go beyond the focus on cognitive intellectual variables involved in learning processes and incorporate the study of the role played by affectivity and emotions in learning not only at educational settings but in all processes of transformation and human development thus presenting affectivity as a catalyst and mediator of all daily learning processes Chapters brought together in this contributed volume present both theoretical contributions and results of empirical research from different disciplines such as neuroscience cognitive psychology cultural psychology educational psychology developmental psychology and philosophy and are grouped into five thematic sections The first part of the book brings together chapters discussing different aspects of the role played by affectivity in learning processes from the perspectives of cultural educational and developmental psychology The second part is dedicated to the role of affectivity for teachers during their training as educators and during their pedagogical practice in diverse contexts The third part focuses on the relationship between affectivity and learning from a neuroscientific point of view The fourth part discusses affectivity and learning in therapeutic and clinical contexts Finally the fifth part brings together chapters about affectivity and learning in everyday life By bringing together this rich interdisciplinary collection of studies Affectivity and Learning Bridging the Gap Between Neurosciences Cultural and Cognitive Psychology will be a valuable resource for researchers in the fields of psychology neuroscience and education as well as for educators and teachers interested in knowing more about the relationship between affectivity and human learning

Gender and the Language of Illness J. Charteris-Black,C. Seale,2010-07-07 An investigation of the influence of gender social class age and illness type in the language of people talking about their experiences of illness It shows evidence of both conformity with and resistance to gender stereotypes **Healing and Humans: Rethinking the Body and the Self**

Pasquale De Marco,2025-03-17 In a world where scientific medicine often dominates our understanding of illness and healing this book invites us on a journey to explore the profound relationship between culture and healing practices Drawing on diverse anthropological research and case studies the book delves into the ways in which cultural beliefs values and practices shape our experiences of illness healing and the body itself Through vivid storytelling and insightful analysis the author reveals the intricate tapestry of cultural influences that shape our perceptions of illness our pathways to healing and our

relationships with our bodies From traditional healing rituals to modern medical practices the book explores the diverse ways in which cultures construct meaning around illness and healing The book also examines the role of healers and the patient healer relationship in different cultural contexts It highlights the importance of cultural sensitivity and understanding in providing effective healthcare emphasizing the need to bridge the gap between scientific medicine and traditional healing practices Furthermore the book explores the impact of illness and healing on individuals families and communities It delves into the social emotional and psychological dimensions of illness shedding light on the ways in which illness can disrupt social relationships strain family dynamics and challenge societal norms Ultimately the book invites readers to reflect on the complex interplay between culture healing and the human experience It challenges us to question our assumptions about illness healing and the body leading us to a deeper understanding of what it means to be human and how we can navigate the challenges of illness and pursue healing in a culturally sensitive and holistic manner If you like this book write a review

The Aesthetic Experience of Dying Veronica M. F. Adamson, 2017-09-07 Structured around a personal account of the illness and death of the author's partner Jane this book explores how something hard to bear became a threshold to a world of insight and discovery Drawing on German Idealism and Jane's own research in the area *The Aesthetic Experience of Dying* looks at the notion of life as a binary synthesis or a return enhanced as a way of coming to understand death Binary synthesis describes the interplay between dynamically opposing pairs of concepts such as life and death resulting in an enhanced version of one of them to move forward in a new cycle of the process Yet what relevance does this elegant word game have to the shocking diagnosis of serious illness Struggling to balance reason with sense thought with feeling this book examines the experience of caring for someone from diagnosis to death and is illustrated with examples of the return enhanced The concluding chapter outlines how the tension of Jane's dying has been resolved as the rhythmic patterns of the lifeworld have been understood through the process of reflecting on the experience This creative and insightful book will appeal to those interested in the medical humanities It will also be an important reference for practising and student health professionals

The Therapist's Notebook for Family Health Care Deanna Linville, Katherine M. Hertlein, 2014-05-01 Effective interventions to help your clients deal with illness disability grief and loss *The Therapist's Notebook for Family Health Care* presents creative interventions for working with individuals couples and families dealing with illness loss and disability This book offers creative resources like homework handouts and activities and effective field tested interventions to provide counselors with useful information on specific family dynamics and topics It equips mental health clinicians with practical therapeutic activities to use in their work with clients struggling with health care or grief issues The effects of illness disability and loss in everyday life can be profound Besides the individual repercussions these challenges also affect the lives of the family and social networks of those individuals experiencing them *The Therapist's Notebook for Family Health Care* brings together the knowledge and experience of over 30 experts in the field for a unique collection that therapists and

clients alike will find immediately useful. Situated in four unique subject specific sections for quick reference, this text covers a broad scope of common problems. Also included is a bonus section focusing on thoughtful suggestions for self care and professional development. Some of the many topics and techniques presented in *The Therapist's Notebook for Family Health Care* include conducting interviews using the biopsychosocial/spiritual method, using the Family System Test (FAST) to explore clients' experiences with their healthcare system and providers, increasing social support to manage chronic illness, coping and adapting to developmental changes, challenges and opportunities, using a patient education tool in family therapy, helping children and their families to manage pain through knowledge and diaphragmatic breathing, creating a personal superhero for a child as a means to empowerment and relief of anxiety, facilitating family problems using scatterplots, building functional perspective of self and others in clients with Asperger Syndrome, quilting as a meaning making intervention for HIV/AIDS, empowering terminally ill patients to say goodbye to their young children in meaningful ways, and many more. With a wealth of tables, charts, handouts, and bibliotherapy resources for clients, readings and resources for clinicians, and case vignettes, *The Therapist's Notebook for Family Health Care* is an excellent resource for a wide variety of practitioners including counselors, psychologists, social workers, grief workers, hospice workers, health psychologists, and medical social workers. It is also an ideal text for psychotherapy and counseling students and educators.
