Jenkins, Michael Cart, 2018-03-20 Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction particularly in literature aimed at young adult audiences But young readers regardless of their sexual orientation don't always know what books offer well rounded portrayals of queer characters and situations Fortunately finding positive role models in fiction that features LGBTQ themes has become less problematic though not without its challenges In Representing the Rainbow in Young Adult Literature LGBTQ Content since 1969 Christine Jenkins and Michael Cart provide an overview of the literary landscape An expanded version of The Heart Has Its Reasons this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ readers but with their allies as well In this resource Jenkins and Cart identify titles that are notable either for their excellence accurate thoughtful and tactful depictions or deficiencies books that are wrongheaded stereotypical or outdated Each chapter has been significantly updated and this edition also includes new chapters on bisexual transgender and intersex issues and characters as well as chapters on comics graphic novels and works of nonfiction This book also features an annotated bibliography and a number of author title lists of books discussed in the text that will aid teachers librarians parents and teen readers Encompassing a wider array of sexual identities Representing the Rainbow in Young Adult Literature is an invaluable resource for young people eager to read about books relevant to them and their lives

Bean, 2013 Today's youth live in the interface of the local and the global Research is documenting how a world youth culture is developing how global migration is impacting youth how global capitalism is changing their economic and vocational futures and how computer mediated communication with the world is changing the literacy needs and identities of students This book explores the dynamic range of literacy practices that are reconstructing gender identities in both empowering and disempowering ways and the implications for local literacy classrooms As gendered identities become less essentialist are more often created in virtual settings and are increasingly globalized literacy educators need to understand these changes in order to effectively educate their students The volume is organized around three themes gender influences and identities in literacy and literature gender influences and identities in new literacies practices and gender and literacy issues and policies The contributing authors from North America Europe and Australia offer an international perspective on literacy issues and practices This volume is an important contribution to understanding the impact of the local and the global on how today's youth are represented and positioned in literacy practices and policies within the context of 21st century global cosmopolitan life **The Heart Has Its Reasons** Michael Cart, Christine A. Jenkins, 2006-03-30 Society does not make it easy for young people regardless of their

sexual orientation to find accurate nonjudgmental information about homosexuality It makes it even more difficult for young homosexuals to find positive role models in fiction either written or published expressly for them or if published for adults relevant to them and their lives The Heart Has Its Reasons examines these issues and critically evaluates the body of literature published for young adults that offers homosexual themes and characters Cart and Jenkins chart the evolution of the field of YA literature having GLBTQ gay lesbian bisexual transgendered and or queer questioning content They identify titles that are remarkable either for their excellence or failures noting the stereotypic wrongheaded and outdated books as well as the accurate thoughtful and tactful titles Useful criteria for evaluating books with GLBTQ content are provided Books and resources of all types are reviewed based on a model that uses the category descriptors of Homosexual Visibility Gay Assimilation and Queer Consciousness Community An annotated bibliography and a number of author title lists of books discussed in the text arranged by subject round out this valuable reference for teachers librarians parents and young adults
