Desert in Search of the Legendary Queen Nicholas Clapp,2002-06-01 In this exhilarating archaeological adventure Nicholas Clapp seeks the truth behind the legend of the Queen of Sheba Ever since she swept into the court of King Solomon three thousand years ago her story has been told and retold often getting diluted amended and reworked along the way In a quest to collect clues to the mystery of Sheba Clapp travels to Ethiopia Yemen Israel and even a village in France Using the latest technology including satellite images and carbon 14 dating and some recent archaeological discoveries he pieces together the facts behind Sheba s multifaceted myth **The Queen of Sheba** Deborah M. of this book begins with a scriptural study of all Sheba references particularly the origins and genealogy of the name and its connections with Hebrew patriarchs such as Abraham and kings Saul and David it later explores the literature and legends surrounding king Solomon and his trade negotiations with Sheba The text analyzes theories and links between the Queen of Sheba and Pharaoh Hatshepsut and concludes that Sheba may well be the Pharaoh based upon linguistic associations and the related stories from a multitude of regions and countries Part II travels into ancient Arabian Yemeni Ethiopian and Eritrean tales of the Queen of Sheba and examines the mention of Sheba in an array of Jewish Christian and Muslim texts It scrutinizes associations between ancient gods and pharaohs particularly the similarity of their iconographic representations the meaning of their symbols and signs that connect with Sheba legends and Hatshepsut s history the real extent and location of her vast empire **Queen of Sheba** Naomi Lucks,2013 A biography of the Queen of Sheba who is celebrated by

Balm,2015-12-14 Archaeology's Visual Culture explores archaeology through the lens of visual culture theory The insistent
visuality of archaeology is a key stimulus for the imaginative and creative interpretation of our encounters with the past Balm
investigates the nature of this projection of the visual revealing an embedded subjectivity in the imagery of archaeology and
acknowledging the multiplicity of meanings that cohere around artifacts archaeological sites and museum displays Using a
wide range of case studies the book highlights how archaeologists can view objects and the consequences that ensue from
these ways of seeing Throughout the book Balm considers the potential for documentary images and visual material held in
archives to perform cultural work within and between groups of specialists With primary sources ranging from the mid
nineteenth to the early twenty first century this volume also maps the intellectual and social connections between
archaeologists and their peers Geographical settings include Britain Cyprus Mesoamerica the Middle East and the United
States and the sites of visual encounter are no less diverse ranging from excavation reports in salvage archaeology to
instrumentally derived data sets and remote sensing imagery By forensically examining selected visual records from
published accounts and archival sources enduring tropes of representation become apparent that transcend issues of style
and reflect fundamental visual sensibilities within the discipline of archaeology Women Writers Paula
