Straiton, 2001 Eddie Straiton is the world's outstanding communicator of veterinary procedures and animal care. He earned the title TV Vet from the long series of television programmes in which he brilliantly demonstrated animal husbandry to a wide audience. Following on from his television experience, Eddie Straiton became a prolific author and more than half a million copies of his books have been sold around the world. Now in its seventh edition, *Sheep Ailments: Recognition and Treatment* covers all the essential information that a flock owner, shepherd or student needs to know. AUTHOR Essentially a practical veterinary surgeon, Eddie Straiton went on to pioneer many new ideas, including the caesarean section in the cow and the new, more human approach to bovine obstetrics. In addition to his extensive agricultural practice, Eddie had a dairy farm for twenty years. He was awarded an OBE for his contribution to agriculture and veterinary science.

Sheep Ailments Eddie Straiton, 1992 **The Sheep Book For Smallholders** Tim Tyne, 2010-03-15 This promises to be the only book on sheep you will ever need. Packed full of detailed information, *The Sheep Book for Smallholders* covers every aspect of keeping sheep on a small scale. Beginning with a brief overview of the sheep industry and the rise and fall of the artisan shepherd, the author has logically divided the book up into the shepherd's calendar so that the sheep keeper knows what to expect with each season. All aspects of looking after the flock are covered, including selection, culling, nutrition, housing, lambing, grassland management, ailments and prevention. There are also sections on home slaughter and butcher and uniquely, processing the byproducts, including the fleece and keeping sheep for dairying. Unusually, the book also has a section on training sheepdogs. Supported by stunning photography and clear illustrations, as well as huge and useful appendices, this is a welcome addition to the smallholder's bookshelf and is going to be a reference classic in years to come.
