

The image shows the front cover of a travel guide. The top half features a photograph of a car's interior, including the steering wheel and side mirror, looking out over a rugged coastline with rocky cliffs and turquoise water. The title 'Fodor's Road Guide USA' is printed in large, bold, yellow letters, with 'Fodor's' in a smaller font and rotated 90 degrees. A yellow banner at the bottom contains the word 'California' in black, followed by a blue section with white text describing the guide's content.

The Mexican Frontier, 1821-1846 David J. Weber, 1982-06 Reinterprets borderlands history from the Mexican perspective Catalog of Copyright Entries, Third Series Library of Congress. Copyright Office, 1973 *The Oxford Handbook of American Immigration and Ethnicity* Ronald H. Bayor, 2016-06-01 Scholarship on immigration to America is a coin with two sides it asks both how America changed immigrants and how they changed America Were the immigrants uprooted from their ancestral homes leaving everything behind or were they transplanted bringing many aspects of their culture with them Although historians agree with the transplantation concept the notion of the melting pot which suggests a complete loss of the immigrant culture persists in the public mind The Oxford Handbook of American Immigration and Ethnicity bridges this gap and offers a comprehensive and nuanced survey of American racial and ethnic development assessing the current status of historical research and simultaneously setting the goals for future investigation Early immigration historians focused on the European migration model and the ethnic appeal of politicians such as Fiorello La Guardia and James Michael Curley in cities with strong ethno political histories like New York and Boston But the story of American ethnicity goes far beyond Ellis Island Only after the 1965 Immigration Act and the increasing influx of non Caucasian immigrants scholars turned more fully to the study of African Asian and Latino migrants to America This Handbook brings together thirty eminent scholars to describe the themes methodologies and trends that characterize the history and current debates on American immigration The Handbook's trenchant chapters provide compelling analyses of cutting edge issues including identity whiteness borders and undocumented migration immigration legislation intermarriage assimilation bilingualism new American religions ethnicity related crime and pan ethnic trends They also explore the myth of model minorities and the contemporary resurgence of anti immigrant feelings A unique contribution to the field of immigration studies this volume considers the full racial and ethnic unfolding of the United States in its historical context
