

The background of the cover is a romantic illustration of a man and a woman in 19th-century attire. The man, on the left, is wearing a dark suit and a red cravat, looking down at the woman. The woman, on the right, is wearing a red dress with a gold lace collar and looking up at him with a slight smile. The overall tone is warm and intimate.

Long Liberated Ladies:

Bad Girls Go Everywhere Jennifer Scanlon, 2010-08-31 The biography of the revolutionary magazine editor who created the Cosmo Girl before Sex and the City's Carrie Bradshaw was even born. As the author of the iconic Sex and the Single Girl 1962 and the editor in chief of Cosmopolitan magazine for over three decades Helen Gurley Brown 1922-2012 changed how women thought about sex, money, and their bodies in a way that resonates in our culture today. In Jennifer Scanlon's widely acclaimed biography, the award-winning scholar reveals Brown's incredible life story from her escape from her humble beginnings in the Ozarks to her eyebrow-raising exploits as a young woman in New York City and her late-blooming career as the world's first lipstick feminist. A mesmerizing tribute to a legend, *Bad Girls Go Everywhere* will appeal to everyone from Sex and the City and Mad Men fans to students of women's history and media studies. *The Other Country* Mr̥ṇāla Pāṇḍe, 2011 A collection of essays on some of the most vexing issues troubling Indian society today. *Women Remember* Anne Smith, 2013-05-07 In this fascinating book originally published in 1989, Anne Smith records interviews with a group of octogenarian women covering all social classes and a great variety of experience. She allows the women to speak for themselves, bringing to light the submerged history of ordinary women's lives. This book should be of interest to a wide general readership as well as students of British social history and women's studies. *Ravin' at the Moon* Stephen Crane Kidwell, 2021-07-07 *Ravin at the Moon* By Stephen Crane Kidwell. Stephen Crane Kidwell assumed his present incarnation on Friday the thirteenth of nineteen forty-three, the only red-haired, blue-eyed child in an otherwise dark-haired, dark-eyed family. As Tom Robbins so aptly pointed out in *Still Life With Woodpecker*, all redheads emanate from the planet Argon, and this, along with his birthdate, probably explains most everything you need to know about him. The way to tell if someone is Argonian is to get up real close to them and take a discreet whiff. If you can distinctly detect the odor of cantaloupe, you've found one. He still has a day job in Texas but spends as much time as he can at his home in the Florida Keys where he is working on his second book, *Backseat Driver*. **Report of the Prison Association of New York** Correctional Association of New York, 1877. 51st includes Prison laws of the State of New York p. 157-998. **Women Beyond Freud: New Concepts Of Feminine Psychology** Milton M. Berger, 2013-05-24 First published in 1994. This volume contains the proceedings of a historic meeting attended by over 2,000 mental health professionals and lay people to mark the fiftieth anniversary of the founding of the Karen Horney Psychoanalytic Centre in New York City. Each contributor to this book offers unique insight into the seminal work of Karen Horney, one of the first psychoanalysts to question Freud's male-centred theories and clinical practices. The book includes accounts of the formative girlhood experiences that awakened Horney's spirit of independence and the intellectual and cultural currents of her time that influenced her work. A contribution by a Preeminent Sex Therapist Challenges The Notion That Liberated Women threaten the potency of men. Other contributors define the characteristics of relationships that foster or hinder women's psychological growth and discuss the conflicts faced by adolescent girls as they

become aware of gender differences Women, Global Protest Movements, and Political Agency Sarah Colvin, Katharina Karcher, 2018-07-11 This volume analyses and historicises the memory of 1968 understood as a marker of an emerging will for social change around the turn of that decade rather than as a particular calendar year focusing on cultural memory of the powerful signifier 68 and women's experience of revolutionary agency After an opening interrogation of the historical and contemporary significance of 1968 why does it still matter how and why is it remembered in the contexts of gender and geopolitics and what implications does it have for broader feminist understandings of women and revolutionary agency the contributors explore women's historical involvement in 1968 in different parts of the world and the different ways in which women's experience as victims and perpetrators of violence are remembered and understood This work will be of great interest to students and scholars of protest and violence in the fields of history politics and international relations sociology cultural studies and women's studies **Write like a Man** Ronnie A. Grinberg, 2024-03-26 How virility and Jewishness

became hallmarks of postwar New York's combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience Write like a Man examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America Write like a Man shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era Frontier Women Julie Jeffrey, 1998-02-28 The classic history of women on America's frontiers now updated and thoroughly revised FRONTIER WOMEN is an imaginative and graceful account of the extraordinarily diverse contributions of women to the development of the American frontier Author Julie Roy Jeffrey has expanded her original analysis to include the perspectives of African American and Native American women

Readers Daily Review **The Miseducation of Women** James Tooley,2003-07-21 Girls and boys are different So why do our schools insist on treating them as identical Could this misguided equality have anything to do with the increasing dissatisfaction among women that is revealed in survey after survey Do gender blind educational policies in fact work to women s disadvantage Bringing together many women s voices from Bridget Jones to Simone de Beauvoir Betty Friedan to Germaine Greer James Tooley challenges education s sacred cows demanding a radical rethinking of sexual politics and a fairer way forward for women The Miseducation of Women landed like a bombshell when it was published in England a few months ago but Mr Tooley s book replete with examples and anecdotes from the United States as well as Great Britain has equal application to the gender arguments on this side of the Atlantic Women of Color and the Reproductive Rights

Movement Jennifer Nelson,2003-10 Uncovers the truth behind the ideas struggles and eventually success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s 1970s and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights for many women abortion was not the only or even primary focus Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s 1970s and early 1980s through the particular contributions of women of color She explores the relationship between second wave feminists who were concerned with a woman s right to choose Black and Puerto Rican Nationalists who were concerned that Black and Puerto Rican women have as many children as possible for the revolution and women of color themselves who negotiated between them Contrary to popular belief Nelson shows that women of color were able to successfully remake the mainstream women s liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics including addressing sterilization abuse access to affordable childcare and healthcare and ways to raise children out of poverty for feminist discourse **Godey's Lady's Book, and Ladies' American Magazine** ,1854

Bolshevik Women Barbara Evans Clements,1997-08-13 Bolshevik Women is a history of the women who joined the Soviet Communist Party before 1921 The book examines the reasons these women became revolutionaries the work they did in the underground before 1917 their participation in the revolution and civil war and their service in the building of the USSR Drawing on a database of more than five hundred individuals as well as on intensive research into the lives of the most prominent female Bolsheviks the study argues that women were important members of the Communist Party at its lower levels during its formative years They were lieutenants printing leaflets speaking to crowds and running party operations in the cities They also created one of the most remarkable efforts to emancipate women from traditional society of the twentieth

century This book traces their fascinating lives from the earliest years of the revolutionary movement through to their old age in the time of Khrushchev and Brezhnev **Women-Church** Rosemary Radford Ruether,2001-03-01 **Women Who Invented the Sixties** Steve Golin,2022-09-20 While there were many protests in the 1950s against racial segregation economic inequality urban renewal McCarthyism and the nuclear buildup the movements that took off in the early 1960s were qualitatively different They were sustained not momentary they were national not just local they changed public opinion rather than being ignored Women Who Invented the Sixties tells the story of how four women helped define the 1960s and made a lasting impression for decades to follow In 1960 Ella Baker played the key role in the founding of the Student Nonviolent Coordinating Committee which became an essential organization for students during the civil rights movement and the model for the antiwar and women s movements In 1961 Jane Jacobs published The Death and Life of Great American Cities changing the shape of urban planning irrevocably In 1962 Rachel Carson published Silent Spring creating the modern environmental movement And in 1963 Betty Friedan wrote The Feminine Mystique which sparked second wave feminism and created lasting changes for women Their four separate interventions helped together to end the 1950s and invent the 1960s Women Who Invented the Sixties situates each of these four women in the 1950s Baker s early activism with the NAACP and the Southern Christian Leadership Conference Jacobs s work with Architectural Forum and her growing involvement in neighborhood protest Carson s conservation efforts and publications and Friedan s work as a labor journalist and the discrimination she faced before exploring their contributions to the 1960s and the movements they each helped shape

Women in Early America Dorothy Aughter Mays,2004-11-23 This volume fills a gap in traditional women s history books by offering fascinating details of the lives of early American women and showing how these women adapted to the challenges of daily life in the colonies Women in Early America Struggle Survival and Freedom in a New World provides insight into an era in American history when women had immense responsibilities and unusual freedoms These women worked in a range of occupations such as tavernkeeping printing spiritual leadership trading and shopkeeping Pipe smoking beer drinking and premarital sex were widespread One of every eight people traveling with the British Army during the American Revolution was a woman The coverage begins with the 1607 settlement at Jamestown and ends with the War of 1812 In addition to the role of Anglo American women the experiences of African French Dutch and Native American women are discussed The issues discussed include how women coped with rural isolation why they were prone to superstitions who was likely to give birth out of wedlock and how they raised large families while coping with immense household responsibilities **Solidarity and Defiant Spirituality** Traci C. West,2019-01-22 How activists in Ghana South Africa and Brazil provide inspiration and strategies for combating the gender violence epidemic in the United States How can the U S learn from the perspectives of anti gender violence activists in South America and Africa as we seek to end intimate violence in this country The U S has consistently positioned itself as a moral exemplar seeking to export its philosophy and values to other societies Yet in this

book Traci C West argues that the U S has much to learn from other countries when it comes to addressing gender based violence West traveled to Ghana South Africa and Brazil to interview activists involved in the struggle against gender violence In each of these places as in the United States Christianity and anti black racism have been implicated in violence against women In Ghana and Brazil in particular their Christian colonial and trans Atlantic slave trade histories directly connect with the socioeconomic development of the Americas and historic incidents of rape of black slave women With a transnational focus on religion and racism West brings a new perspective to efforts to systemically combat gender violence Calling attention to forms of violence in the U S and international settings such as marital rape sex trafficking of women and girls domestic violence and the targeting of lesbians the book offers an expansive and nuanced view of how to form activist solidarity in tackling this violence It features bold and inspiring approaches by black women leaders working in each setting to uproot the myriad forms of violence against women and girls Ultimately West calls for us to learn from the lessons of Africana activists drawing on a defiant Africana spirituality as an invaluable resource in the quest to combat the seemingly chronic problem of gender based violence **Godey's Lady's Book** ,1854
