Long-Term Care Reforms in OECD Countries Cristiano Gori, Jose-Luis Fernandez, Raphael Wittenberg, 2016-06-01 Since the early 1990s, long-term care policies have undergone significant transformations across OECD countries. In some countries, these changes have responded to the introduction of major policy reforms, while in others, significant transformations have come about through the accumulation of incremental policy changes. The book brings together evidence from over 15 years of care reform to examine changes in long-term care systems occurring in OECD countries. It discusses and compares key changes in national policies and examines the main successes and failures of recent reforms. Finally, it suggests possible policy strategies for the future in the sector. With contributions from a wide range of experts across OECD countries, this book is essential reading for academics, researchers, and policy makers in the field of long-term care policy.
