aspects of the conflict ranging across domestic electoral politics in the USA to the divided communist leadership in Hanoi and grassroots antiwar movements around the world The book charts the full course of the war from the origins of American involvement the growing internationalization of the conflict and the swing year of 1968 to bitter twists in Sino Soviet rivalry and the eventual withdrawal of American forces Situating the conflict within an international context John Dumbrell also considers competing interpretations of the war and points the way to the resolution of debates which have divided Peace Advocacy in the Shadow of War Francis Shor, 2024-01-05 For peace advocates a international opinion for decades corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book Back Home Philip F.
