Germany 1918-45

Longman Modern History Germany 1918 To 1945

Chris Cook, John Stevenson

Longman Modern History Germany 1918 To 1945:

Germany 1918-1945 Joyce Swinton, 1995 **Mw History Ol/nl Tackng Source-based Qns , Modern European History, 1871-2000** David Welch, 2020-09-10 Modern European History brings together a unique selection of documents covering the period from 1871 to 2000 The collection is organised by topic and a clear historical context and chronological chart provide background for each section This second edition brings the book up to date and includes such key themes in European history as Bismarck and Imperial Germany the Russian Revolution the origins and aftermath of the First and Second World Wars Fascist Italy and Nazi Germany The Spanish Civil War The Cold War European Integration 1945 1999 Containing documents such as extracts from diaries speeches treaties poetry radio broadcasts photographs cartoons political posters and propaganda this is an essential resource for students of modern British and European history **The**

Cambridge Economic History of Modern Europe: Volume 2, 1870 to the Present Stephen Broadberry, Kevin H. O'Rourke, 2010-06-24 Unlike most existing textbooks on the economic history of modern Europe which offer a country by country approach The Cambridge Economic History of Modern Europe rethinks Europe s economic history since 1700 as unified and pan European with the material organized by topic rather than by country This second volume tracks Europe s economic history through three major phases since 1870 The first phase was an age of globalization and of European economic and political dominance that lasted until the First World War The second from 1914 to 1945 was one of war deglobalization and depression and the third was one of growing integration not only within Europe but also between Europe and the global economy Leading authors offer comprehensive and accessible introductions to these patterns of globalization and deglobalization as well as to key themes in modern economic history such as economic growth business cycles sectoral developments and population and living standards The Oxford Handbook of European History, 1914-1945 Nicholas Doumanis, 2016 The period spanning the two World Wars was unquestionably the most catastrophic in Europe s history Despite such undeniably progressive developments as the radical expansion of women s suffrage and rising health standards the era was dominated by political violence and chronic instability Its symbols were Verdun Guernica and Auschwitz By the end of this dark period tens of millions of Europeans had been killed and more still had been displaced and permanently traumatized If the nineteenth century gave Europeans cause to regard the future with a sense of optimism the early twentieth century had them anticipating the destruction of civilization The fact that so many revolutions regime changes dictatorships mass killings and civil wars took place within such a compressed time frame suggests that Europe experienced a general crisis The Oxford Handbook of European History 1914 1945 reconsiders the most significant features of this calamitous age from a transnational perspective It demonstrates the degree to which national experiences were intertwined with those of other nations and how each crisis was implicated in wider regional continental and global developments Readers will find innovative and stimulating chapters on various political social and economic subjects by some of the leading

scholars working on modern European history today **1996** Massimo Mastrogregori,2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors **The Third Reich** David G. Williamson,D.G. Williamson,2013-11-04 Since publication of the first edition in 1982 David Williamson's The Third Reich has become established as one of the most successful books in the Seminar Studies in History series The author draws on up to date scholarship to guide students through the maze of historical controversies concerning the Third Reich and to offer a comprehensive analysis of the key issues of the period In a clear and accessible manner the new edition provides chapters that introduce readers to the historiography of the Third Reich analyse the reasons for Hitler's rise to power look at how the Nazi regime consolidated its grip on power during the period March 1933 August 1934 explain how Nazi Germany was governed and discuss to what extent Hitler can be viewed as a weak dictator analyse Hitler's economic foreign and social policies in both war and peace up to 1945 as well as the development of Nazi racial and eugenic policies The analysis of these themes is backed up with an increased selection of documents which enable students to discuss the key issues more fully Providing a concise but comprehensive account of the origins course and downfall of the Third Reich this new edition of an already classic text will be an invaluable introduction to the subject for students The Routledge Companion to Modern European History since 1763 Chris Cook,John Stevenson,2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history **Excel Senior High School Information and Research Skills for Assessment Success** Ian Biddle,2000 Contains articles by different authors including Ian Biddle Chris Greef Maree Herrett Debra Kelliher Rodney Lane Marshall Leaver Robert Mulas Sophie Mynott Cameron Paterson and Ross Todd Applies the Information Skills Process to the preparation of assessment tasks for the Biology Business Studies English Geography

Modern History and Society and Culture HSC 2001 Syllabi

Winter Warfare Richard N. Armstrong, Joseph G.

Welsh, 2014-06-03 Based on German and Soviet military archival material this book provides an insight into the tactics and planning for combat in a winter climate It also studies the mechanisms for change in an army during the course of battle The first part of the book looks at the tactical pamphlet People s Commissar for Defence Order No 109 as passed by Red Army units on 4 March 1941 which provided regulations for combat in Winter The second part of the book using material from the Soviet military archives reveals Red Army General Staff supplements to the winter regulation

How Patriotic is the Patriot Act? Amitai Etzioni, 2005-06-29 In this short book Etzioni the well known and respected public intellectual and communitarian thinker charts a middle course or third way between those who are committed to shore up our liberties but blind to the needs of public security as well as those who never met a right they are not willing to curtail to give authorities an even freer hand This book will prove a useful guide for citizens looking for a thought provoking well reasoned and sober analysis of one of the hot button issues of our time

Routledge Library Editions: Security and Society

Various, 2021-09-30 This 12 volume set contains titles originally published between 1934 and 1995 An eclectic mix of titles this collection draws from anthropology economics ethics politics psychology and sociology Exploring security in both war and peacetime it includes volumes looking at the causes of war and its effect on society as a whole the soldiers themselves and their place in society the portrayal of war in the press both in words and photographs and the politics behind them

War and Ideology Eric Carlton, 2020-12-22 Why do nations go to war Is war an institutionalized outlet for our aggressive instincts Or is it a cultural invention rather than a biological necessity Originally published in 1990 Eric Carlton looking across a number of societies investigates why men and women go to war and how they are able to commit atrocities against their enemy He believes that central to these issues is the perception of the enemy and the ways in which this is converted consciously or unconsciously into an ideology of aggression Military training and ideology are based upon the definition of the enemy as the other and studies in the text reveal the importance of the stereotyped image of the enemy when soldiers carry out atrocities Dr Carlton explores the underlying problem of how and why societies resort to war by analysing the motivations usually religious and ideological which legitimize warlike policies and activities Fascinating case studies consider the ways in which the enemy has been seen in various historical and comparative contexts for instance to ancient Egyptians the enemy were non people to Romans uncouth barbarians to Maoists class antagonists These studies underline the fact that perceptions of the adversary determine the nature of warfare more than any other single factor The book is unique in its discussion of the idea of the enemy in warfare and military ideology and in its use of an historical method to comment on situations which are still relevant to the modern world Its historical and comparative perspective and its extensive case studies make it of great value and interest to students of history sociology and politics as well as to those engaged in war studies

Enlivening Secondary History Peter Davies, Rhys J. Davies, 2012 Enlivening Secondary History 50 Classroom

Activities for Teachers and Pupils The Routledge History of East Central Europe Since 1700 Irina Livezeanu, Arpad von Klimó, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher **European Socialism** William Smaldone, 2019-10-16 This accessible text offers a concise but comprehensive introduction to European socialism which arose in the maelstrom of the industrial and democratic revolutions launched in the eighteenth century Striving for sweeping social economic cultural and political change socialists were a diverse lot However they were united by principles asserting the social and political equality of all people ideas that won the adherence of millions and struck fear in the hearts of their numerous opponents William Smaldone shows how over the course of 200 years socialists successfully promoted the democratization of European society and a more equitable division of wealth At the same time he illustrates how conflicts over the means of achieving their aims divided them into rival socialist and communist currents a rift that undercut the struggle against fascism and helped lay the groundwork for Europe's division during the Cold War Although many predicted the demise of socialism as a potent force after the end of the Cold War the Soviet Union's dissolution and the rise of neo liberal ideology recent developments show that such a judgment was premature The author argues that the growth of new socialist parties across Europe indicates that socialist ideas remain vibrant in the face of capitalism's failure to solve chronic social and economic problems especially following the deep global crisis that began in 2008 Combining an analytical narrative with a selection of primary texts and visual images this book provides undergraduate students with a brief readable history including an overview of how socialist political movements have evolved over time and stressing the rich diversity that has characterized socialism's foundations from its beginning This new edition brings this text up to date and examines the European socialist movement in the face of 21st century challenges It includes a new preface including the 2017 American election updated bibliographies two new chapters and an afterword *Essentials of Holocaust Education* Samuel Totten, Stephen Feinberg, 2016-03-17 *Essentials of Holocaust Education* Fundamental Issues and Approaches is a comprehensive guide for pre and in service educators preparing to teach about this watershed event in human history An original collection of essays by Holocaust scholars teacher educators and classroom teachers it covers a full range of issues relating to Holocaust education with the goal of helping teachers to help students gain a deep and thorough understanding of why and how the Holocaust was perpetrated Both conceptual and pragmatic it delineates key rationales for teaching the Holocaust provides useful historical background information for teachers and offers a wide array of practical approaches for teaching about the Holocaust Various chapters address teaching with film and literature incorporating the use of primary accounts into a study of the Holocaust using technology to teach the Holocaust and gearing the content and instructional approaches and strategies to age appropriate audiences A ground breaking and highly original book *Essentials of Holocaust Education* will help teachers engage students in a study of the Holocaust that is compelling thought provoking and reflective *Creating*

Modern Capitalism Thomas K. McCraw, 1998-01-02 What explains the economic success of the U S Britain Germany and Japan What can be learned from the performances of leading business firms How important were specific innovations by individual entrepreneurs What is the nature of capitalist development McCraw and his coauthors present penetrating answers to these questions

The Cambridge Companion to Modern German Culture Eva Kolinsky, Wilfried van der Will, 1999-01-28 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression

Nordic, Central, and Southeastern Europe 2019-2020, 2019-10-22 This is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region s geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 19th edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets
