## **Longterm Care In Transition The Regulation Of Nursing Homes:**

*Long-Term Care in Transition* David Barton Smith, 2000-09-30 *Long Term Care in Transition* is a carefully documented case study of the changes that took place in the regulation of nursing homes in New York between 1975 and 1980. It covers the history of the regulatory offensive in New York and strategies of control and their effectiveness touching on such subjects as professional standards, rate setting, reimbursement, criminal prosecution, and consumers. Invaluable reading for health care professionals involved in the management of nursing homes, it concludes with some of the lessons learned from this experience for the health sector as a whole. While regulations have changed since 1980, David B. Smith has written a new preface which puts the study in perspective.
