They reveal new insights into Freud's views on such topics as homosexuality and religion. New content underlined to identify changes to the Standard Edition including corrections of mistakes in the original translation as well as new, clearer translations of many passages. New annotations in the margins providing the original German technical terms. New and updated editorial material and translation notes. New glossary concerning the translation of all key terms. New photographic illustrations. New and massively expanded Freud bibliography. Entirely revised 24th volume, a major scholarly work including a comprehensive index for the whole set.
