Looking At Russia:

Understanding Russia Marlene Laruelle, Jean Radvanyi, 2018-08-16 This timely book provides a balanced and comprehensive overview of the geographical historical political cultural and geostrategic factors that drive Russia today Russia has long inspired fear in the West but as the authors argue Russia is fearful as well Three decades after the transformations launched by perestroika multiple ghosts haunt both Russian elites and ordinary citizens ranging from concerns about territorial challenges societal transformations and economic decline to worries about the country's vulnerability to external intervention Faced with a West that emerged victorious from the Cold War a shockingly dynamic China and former Soviet republics claiming their right to emancipate themselves from Moscow's stranglehold Russia is constantly questioning its identity its development path and its role on the international scene The country hesitates between two strategies take refuge in a new isolation and revive the old notion of being a besieged fortress or replay the messianic myth of a Third Rome the last bastion of Christian values in the face of a decadent West Explaining Russia's perspective Marlene Laruelle and Jean Radvanyi offers a much needed analysis that will help readers understand how the country deals with its domestic issues and how these influence Russian foreign policy

Is Russia Fascist? Marlene Laruelle, 2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin's regime has increasingly been accused of embracing fascism supposedly evidenced by Russia's annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world's preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin's foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe's future

Russia and the Western Far Right Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low

profile As Moscow has become more anti Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia's role in the world its strategies aimed at securing legitimization of Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas

Russia's French Connection Adam Coker, 2020-05-28 While it is generally acknowledged that Russia's culture has been influenced by France the present study goes beyond the Francophile preferences of the noble elite and examines Russian society more broadly exploring those elements of French cultural influence that are still relevant today This is done through an historical analysis of French loanwords in the Russian language from the time of Peter the Great to the present The result of this lexical analysis and subsequent study of eighteenth and nineteenth century archival periodical and memoir material is to empirically link Russia's present culture to two major Franco Russian events the wave of immigration to Russia following the French Revolution and Russia's war with Napoleon This is primarily a book for those interested in European history particularly imperial Russia the French Revolution and the Napoleonic Wars The study of Russian officer memoirs includes original campaign maps which may be of interest to military historians The analysis of periodical literature will likewise be a resource for those studying the history of printing publishing and journalism in Russia The book's interdisciplinary nature however broadens its relevance to linguists cultural historians and those in the emerging field of Immigration Studies

The Future of England, Turkey and Russia Great Britain. [Appendix. - History & Politics. - II. 1878.], Obsta Principiis, 1878

The European Union and Russia Great Britain. Parliament. House of Lords. European Union Committee, 2008 The relationship between the European Union and Russia has been going through a difficult phase with disputes over energy supplies foreign policy issues and tension between Russia and individual Member States The change of presidency in Russia provides an opportunity to take stock and to consider whether this deterioration can and should be reversed Russian politicians emphasise the importance of the relationship This report discusses how the relationship might be developed in practice The report examines Russia as a European country its recent history and the current economic situation in Russia It then considers the institutional framework for Russia EU relations including the Partnership and Co operation Agreement The Committee believes closer co operation should be fostered in several areas of common interest economic freedom security and justice research and education and culture Energy is an important subject there are concerns

about whether Russia can supply sufficient gas and oil to meet its current and foreseeable domestic demand and international commitments The security of energy supply to the EU is vital The Russian view of international security issues is also very different from that of the West and developments in the near neighbourhood of Russia are a very sensitive geopolitical area Russian support for Serbia is contrasted with their co operation on Iran The two sides work together usefully on the Middle East terrorism non proliferation and other issues The EU should continue and strengthen its efforts to reach common ground with the Russians on such international issues but should also speak out if the Russian government falls short of the standards it has formally accepted in a number of international agreements

The Outline of Knowledge: Shakespeare's dramas. Famous orations James Albert Richards,1924 *Shakespeare's Dramas* William Shakespeare,1924

Russia's Denial of Ukraine Nataliya Shpylova-Saeed,2024-05-16 In 2022 Russia heightened its initial 2014 assault and launched its imperialist full scale war against Ukraine The Kremlin continued to perpetrate its denial of Ukrainians as a nation distinct from the Russians Russia s Denial of Ukraine Letters and Contested Memory explores the gradual and long lasting integration of contested memory in the cultural memory of Ukraine It emphasizes how narratives which formed the contested memory in the nineteenth century appeared to come to the fore with the onset of the Russo Ukrainian War At the same time it offers the theoretical premise for exploring contested memory social forgetting and remembering The ambivalent nature of contested memory manifests in weakening national aspirations and strengthening resilience and resistance against violence Contested memory nuances the discussion of undermining a metropolitan center and dismantling oppression Letters reveal public discourses shaped by cultural and political developments centering on the Ukrainians endeavors to remember themselves as a nation distinct from the Russians Epistolary expressions by Mykola Hohol Taras Shevchenko Lesia Ukrainka Ivan Franko and Volodymyr Vynnychenko illustrate the circulation of contested memory sponsored and supported in many ways by Russia Writers comment on their Ukrainianness and situate themselves in Ukraine s entangled past in which empires clash and fall apart

Russia's Entangled Embrace Stephen Badalyan Riegg,2020-07-15 Russia s Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia s territorial fringes and navigated the tsarist empire s metropolitan centers By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered Stephen Badalyan Riegg helps us to understand how for Armenians and some other subjects imperial rule represented not hypothetical clear cut alternatives but simultaneous messy realities He examines why and how Russian architects of empire imagined Armenians as being politically desirable These circumstances included the familiarity of their faith perceived degree of social political or cultural integration and their actual or potential contributions to the state s varied priorities Based on extensive research in the archives of St Petersburg Moscow and Yerevan Russia s Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial relationship beyond the

reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution, interimperial conflict and alliance, nationalism and religious and economic identity

Russia's Gamble Vladimir Gel'man, 2025-06-09 In February 2022 Russia launched a full scale military assault on Ukraine aimed at re-establishing Russian control over the Ukrainian state economy and society similar in many ways to the Soviet period. This goal however was not achieved and most likely will not be achieved in the future. Rather the Russian special military operation has resulted in extraordinary disasters and losses for Russia, for Ukraine and for the entire world. This book examines the origins of the Russian assault on Ukraine and offers an explanation of why it has not achieved its aims. Why did Russian elites and leaders propose, prepare for and implement the assault on Ukraine in such a poorly prepared and heavily destructive way? In seeking to answer these questions, Gel'man focuses on Russia's domestic agenda and its dynamics after the collapse of the Soviet Union. The personalist nature of the Russian authoritarian political regime, its vulnerability to bad governance, major misperceptions by the Russian elites and leadership and reliance of the Kremlin upon previous experience of Russian impunity were all key factors that led to Russia's fateful decision to attack Ukraine and have continued to shape Russia's mistake-ridden conduct of the war since then. Gel'man also considers what lessons can be learned from Russia's military assault for understanding the global agenda and for the study of domestic and international politics in the twenty-first century. This book, written by a leading expert on Russian politics, will be of great value to students and scholars in politics and to anyone interested in Russia and in the causes and consequences of the war against Ukraine.

Looking At Russia Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Looking At Russia free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Looking At Russia free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Looking At Russia free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Looking At Russia. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Looking At Russia any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Looking At Russia Books

1. Where can I buy Looking At Russia books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range

- of books in physical and digital formats.
