desire to find new things In a secret valley on Mars they find mysteries On the Moon old whispers tell them stories about the universe On Mars they dance through an asteroid belt where each rock hums its own cosmic tune As the couple speeds through Saturn's rings they see how stars are formed in a beautiful cloud hear the comet they've been following sing by itself and almost get sucked into an unimaginable black hole Stella learns new things and faces new challenges in each area which helps her grow and understand the world better Stella and her robot have their most important contact on a faraway planet where they learn from friendly aliens about how all living things are connected and different at the same time Like the other meetings this one stresses unity bravery and the insatiable human need to know and understand the unknown She comes back to Earth at the end of her trip through the galaxy full of amazing stories and lessons she learned while she was away Stella is still very interested in learning even though the trip is over After she gets back she sees the night sky not as a faraway work of art that she can't understand but as a call to endless journeys and chances Stella's Stellar Adventure tells kids to have big dreams value their relationships and always ask questions about the world they live in It's not just a story about going into space Stella thinks of the world as a beautiful interesting and never ending place to learn This makes her think of the journey that people who are brave enough to look beyond will go on Page 10 of 25 Chapter 1 Comet's Night Stella was amazed as she looked up at the sky on a clear quiet night The stars were shining like tiny lanterns and the sky was a deep dark blue On this particular night she saw something very beautiful The sky was filled with a comet that was as bright as the moon Its tail flashed with colors Stella had never seen before leaving a bright path of color behind it As it moved through space the comet left behind a sparkling path where red blue green and purple colors mixed Stella felt a spark of excitement ignite inside her She was full of wonder and couldn't stop asking questions She said I have to find out where it's going She thought the comet was calling to her luring her to go on an exciting journey with its mysterious beauty and hypnotic path Stella knew that this was a unique chance to see something in the universe She was very interested in following the comet figuring out what it was and figuring out its path Stella saw the comet going through asteroid belts and cosmic clouds above planets and stars and deeper into the unknown with each second that went by With its rainbow of colors the comet's tail looked like a map of the universe's secrets and undiscovered wonders Each glimmer could help us figure out one of the secrets that lie beyond Stella was excited about the idea of going on a space journey to follow the comet and learn about the stories it might hold Stella made a choice that would change her life because she liked to try new things and was eager to learn She wouldn't just watch the comet from her garden she would go after it going into space to follow its tail and find out where it was going Stella stuck to her promise even though the idea was controversial and might be dangerous She was ready to go on an amazing trip to find new places and learn about the universe's great mysteries After she made her choice Stella's mind was full of plans and thoughts How could she find the comet What secrets would she find along the way Without a doubt the trip would be hard and full of both pleasures and difficulties Stella on the other hand showed no fear She
