For example there is a series entitled Hidden Treasures of Genesis in which a number of traditionally accepted concepts  
come under close examination of the Hebrew text A second series entitled Studies in Biblical Science investigates areas  
where scientific and mathematical truths undergird the Scriptures and bring glory to God A short series gathering available  
evidence on Lucifer opens up much information on the mind and character of man s great accuser And then there is a series  
of Historical studies relating to Biblical cities which unveils important information Other subjects under examination are the

the issues and questions we face as a country      Fixed-Term Parliaments Bill Great Britain: Parliament: House of Lords:  
Select Committee on the Constitution,2010-12-16 This report considers the Fixed term Parliaments Bill which would remove  
the Prime Minister s power to call an election at the time of his choosing and sets a five year fixed term subject to the  
possibility of early dissolution following a vote by the House of Commons It examines the key issues of the Bill s principals as  
well as the process by which it was brought forward The Committee takes the view that the origins and content of the Bill  
owe more to short term considerations than to a mature assessment of enduring constitutional principles or sustained public  
demand In the view of the majority of the Committee the shift from a five year maximum to five year norm would inconsistent  
with the Government s stated aim of making the legislature more accountable with existing constitutional practice and with  
the practice of the devolved institutions and the clear majority in international legislatures However the Committee does  
accept that an elected government should have a full term in which to develop their policies and take their legislative  
programme through Parliament It considers a four year term should be adopted for any fixed term arrangement at  
Westminster Potential date clashes with elections to the devolved institutions should also be avoided Some form of safety  
valve which would allow for an early election in circumstances such as the government losing the confidence of the Commons  
or where a political or economic crisis has affected the country is also necessary The report also makes several specific  
recommendations for amendments for the Bill      *HL Paper 143-II House of Lords Select Committee on Intergovernmental*
