Lord Devlin's Dilemma:

Lord Devlin Justice John Sackar, 2020-10-29 Lord Devlin was a leading lawyer of his generation. Moreover, he was one of the most recognised figures in the judiciary thanks to his role in the John Bodkin Adams trial and the Nyasaland Commission of Inquiry. It is hard then to believe that he retired as a Law Lord at a mere 58 years of age. This important book looks at the life influences and impact of this most important judicial figure. Starting with his earliest days as a schoolboy before moving on to his later years, the author draws a compelling picture of a complex brilliant man who would shape not just the law but society more generally in post-war Britain.

Dilemmas and Decisions Patrick F. Miller, 2018-04-16 In *Dilemmas and Decisions*, the author argues that dilemmas, medical, political, and personal, are clearly universal, requiring decisions with a painful choice. Nevertheless, we are witnessing an increasing tendency amongst opinion leaders, from management consultants to religious fundamentalists, to inform us that dilemmas either do not really exist or are merely problems awaiting the right solution, which they happen to possess. Such moral certainty is dangerously mistaken, breeding extremism and undermining democratic values. Education can become a kind of preparation for Multiple Choice Question type exams or TV quizzes with facts recalled under pressure of time and problems needing fast solutions. Problems, however, are different from dilemmas; they have solutions and disappear as soon as these are found. Dilemmas leave you with an aftertaste and a sense of regret about the rejected alternative.

Evolution and the Common Law Allan C. Hutchinson, 2005-04-04 This book offers a radical challenge to accounts of the common law's development. Contrary to received jurisprudential wisdom, it maintains there is no grand theory which will explain satisfactorily the dynamic interactions of change and stability in the common law's history. Offering original readings of Charles Darwin's and Hans Georg Gadamer's works, the book shows that law is a rhetorical activity that can only be properly appreciated in its historical and political context. Tradition and transformation are locked in a mutually reinforcing but thoroughly contingent embrace. In contrast to the dewy-eyed offerings of much contemporary work, it demonstrates that like life, law is an organic process, i.e. events are the products of functional and localized causes rather than a miraculous one, i.e. events are the result of some grand plan or intervention. In short, common law is a perpetual work in progress: evanescent, dynamic, messy, productive, tantalising, and bottom up.

Devlin's Justice Patricia Bray, 2004-03-30 To save his people, he may have to destroy the one thing that protects them: his own magic. Devlin of Duncaer has retrieved the Sword of Light, the legendary weapon of the Chosen One. But while Devlin was fulfilling his sacred quest, dark forces have swarmed the royal court. To defend his country's borders, the ambitious Jorskain king Olafur strikes a demon's bargain with an ancient adversary. Now, with the Sword of Light in enemy hands and betrayed by those he loyally served, Devlin is imprisoned, tortured, and rumored dead. While Devlin's adopted countrymen mourn his loss, Jorsk comes under full-scale attack. Battling for his life, Devlin must escape his captors and amass his own ragtag army. But the ruthless invaders threatening to overrun Devlin and his allies are only the first wave of attack. And this time, Devlin may have to

sacrifice everything to save his people from a battle that will make Armageddon itself look like a mere dress rehearsal

Devlin's Honor Patricia Bray, 2007-12-18 Devlin of Duncaer is the Chosen One champion of the Kingdom of Jorsk A simple metalsmith and farmer turned warrior he has become the most unlikely of heroes to the conquerors of his own people the Caerfolk Yet there is a growing faction of Jorskians who believe that if he were truly anointed as Chosen One by the Gods then the immortals would have given him the Sword of Light as proof of his calling Missing for generations the sword is more myth than reality But Devlin knows where to find it Lost in battle after the Jorskians brutal massacre of Caerfolk it has remained in Duncaer a souvenir of one of the land's darkest days Feeling more than ever a pawn of fate and a plaything of the Gods who drive him Devlin must return to the land of his birth back to the people who have denounced him For he is bound by an oath he has no choice but to obey a promise he may have to die to keep **Moral Dilemmas in Modern**

Studlar, Jerold L. Waltman, 1984-10-01 Ho scoperto che ti amo A.E. Cannon, 2010-10-07 Tutto si fermò persino il frinire dei grilli Io mi sono sporto verso di lei Lei si sporta verso di me Per un istante ho pensato che i nostri nasi si sarebbero scontrati ma ho deciso che non me ne importava niente Secrecy and the Media Nicholas John Wilkinson, 2009-05-28 Secrecy and the Media is the first book to examine the development of the D Notice system which regulates the UK media's publication of British national security secrets It is based on official documents many of which have not previously been available to a general audience as well as on media sources From Victorian times British governments have consistently seen the need in the public interest to prevent the media publishing secret information which would endanger national security

The UK media have meanwhile continuously resisted official attempts to impose any form of censorship arguing that a free press is in the public interest Both sides have normally seen the pitfalls of attempting to resolve this sometimes acrimonious conflict of interests by litigation and have together evolved a system of editorial self regulation assisted by day to day independent expert advice known colloquially as the D Notice System The book traces the development of this system from nineteenth century colonial campaigns through two world wars to modern operations and counter terrorism in the post Cold War era up to the beginning of the Labour government in 1997 Examples are drawn from media political and official sources some not yet open and cover not only defence issues including Special Forces but also the activities of the secret intelligence services MI5 MI6 and GCHQ These cases relate principally to the UK but also to American and other allies interests The story of how this sometimes controversial institution now operates in the modern world will be essential reading for those in the media and government departments and for academics and students in the fields of security defence and intelligence as well as being an accessible expos for the general reader Nicholas Wilkinson served in the Royal Navy 1959-98 and from 1999 to 2004 he ran the independent Defence Press and Broadcasting Advisory Committee He was a Press Complaints Commissioner from 2005 to 2008 and is a Cabinet Office Historian Balancing Liberty and Security Kate Moss, 2011-10-26 Examining the erosion of people's democratic rights and the potential catastrophic dangers of neglecting civil liberties this book explores the endemic danger of the enlarged power of the state and the central role of Government in undermining personal freedoms through the use of state force in the name of the protection of security Democratic Dilemmas Angela K Bourne, 2018-07-11 This book examines how democratic communities resolve dilemmas posed by anti system parties or more specifically the question of why democracies take the grave decision to ban political parties On the one hand party bans may protect democracies usually from groups deemed to undermine the democratic system or its core values territorial integrity or state security At the same time banning parties challenges foundational democratic commitments to political pluralism tolerance and rights to free speech and association The book probes the deliberative processes discursive strategies and power politics employed when democratic communities negotiate this dilemma It examines discourses of securitization and desecuritization preferences of veto players anti system party orientations to violence electoral systems and the cordon sanitaire as alternatives to party bans and incentives for mainstream parties to cooperate rather than ban parties to achieve office and policy goals It does so with reference to case studies of party bans legalizations and failed ban cases in Spain Herri Batasuna and successors the United Kingdom Sinn Féin and Republican Clubs and Germany Socialist Reich Party and National Democratic Party of Germany *Sessional Papers Printed by Order of the House of Lords: Minutes of Proceedings ... members of society Regrettably the debate is too often characterized by rhetoric rather than reason This book aims to inform the debate by acquainting anyone interested in this vital question with some of the major ethical legal clinical and theological issues involved The essays it contains are authoritative in that they have been commissioned from some of the world's leading experts balanced in that they reflect divergent viewpoints including a vigorous debate between two eminent philosophers and readable in that they should be readily understood by the general reader

Morality Within the Limits of Reason Russell Hardin, 1988 This provocative lucidly written reconstruction of utilitarianism focuses on the practical constraints involved in ethical choice information may be inadequate and understanding of causes and effects may be limited Good decision making may be especially constrained if other people are closely involved in determining an outcome Hardin demonstrates that many of these structural issues can and should be distinguished from the thornier problems of utilitarian value theory and he is able to show what kinds of moral conclusions we can reach within the limits of reason

Wicked, Wicked Libels Michael Rubinstein, 2024-11-18 The law of libel is the instrument of censorship by which dignity too often pseudo dignity is to be upheld That is Michael Rubinstein's definition in his introduction to this lively and authoritative account Wicked Wicked Libels originally published in 1972 of the libel situation in Britain The contributors are all actively concerned about libel as a living issue Michael Rubinstein writes first about the popular appetite for scandal and the other contributors view libel from various angles H Montgomery Hyde looks at the law of libel itself Louis Blom Cooper writes about the conflicts between freer speech and privacy and Anthony Lincoln discusses the problems facing legal advisers to the press William Kimber Richard Ingrams and Cecil H King look at the subject from the publisher's point of view Eugene Gros writes as a successful plaintiff Louis A Abraham looks at defamation as contempt of Parliament and Michael Rubinstein contributes a chapter on book publishing and the law of libel There are also two important appendices of particular interest one an account by Harold Laski of a day in court and the other a Press comment on the PQ 17 case after the hearing in the Court of Appeal
