Lord Shaftesbury 1923:

Lord Shaftesbury and Social-Industrial Progress J. Wesley Bready, 2025-02-01 Originally published in 1926 this volume is much more than a biography of an outstanding politician social reformer and philosopher It provides an analysis of the history of social conditions in England during the nineteenth century as well as a discussion of the development of social affairs and the inertia of political psychology The role that faith and religion played in motivating Lord Shaftesbury's desire for social reform is also discussed as is the ways in which he and John Wesley transformed the social and ethical ideas of England to enshrine in law many of the working conditions that we take for granted today such as defined hours of work and rest periods Lord Shaftesbury John Wesley Bready, 1927 **Lord Shaftesbury and Social-industrial Progress** John Wesley Bready, 1927 Dr Bready's graphic story has a greatly moving quality even to those readers and students who are already familiar with many of the details of the struggle and who know the Commission reports at first hand or by frequent reference Even to such it brings a fresh sense of wonder of shame of self analysis towards the world of to day and to morrow With what shattering power then is it destined to affect the minds of thousands who have never read a Life of Shaftesbury or a history of social conditions in England in the nineteenth century The greatness of the evil the greatness of the struggle the greatness of the lasting victory give it an epic quality that must outlast even contemporary stories of warfare and bloodshed In this popular edition will be found the introduction of many minds to the whole idea of development in human affairs of the strangeness and inertia of political psychology of the final irresistibility of facts properly stated with appalling reiteration to move the human soul of the patient endurance which in the end wins more than them all Never were there better contrasted the two serenities the serenity of pure apathy and content that cynics have found in Give peace in our time O Lord and the serenity of utter warfare of which the final issue is never in doubt so vested is it in the justice of God Because there is none other that fighteth for us but only thou O God **The Hammonds** Stewart Angus Weaver, 1997 Here for the first time is the story of one of history's great scholarly and marital collaborations J L and Barbara Hammond were among the most innovative and influential historians of the twentieth century Between 1911 and 1934 they wrote eight books together that amount in effect to the first sustained social history of modern England Three of their books in particular The Village Labourer 1911 The Town Labourer 1917 and The Skilled Labourer 1919 not only anticipated what came to be known as history from below but also permanently changed the way most people think about the Industrial Revolution which they defined in the apocalyptic terms to which we have become accustomed The Hammonds were also public figures prominently involved along with L T Hobhouse J A Hobson C P Scott and others in the definition and dissemination of the new liberalism From the point of involvement in the politics of one century they helped give enduring historical shape to another and thus exercise like their friends Sidney and Beatrice Webb a dual fascination Of the two Hammonds J L was the more prolific writing six books on his own and serving as a political journalist for virtually his entire professional life which saw him

intervene editorially in every public crisis from the Boer War to the Second World War Ireland was after the Industrial Revolution arguably his greatest passion one to which he devoted much of his editorial life and his supreme literary effort Gladstone and the Irish Nation 1938 Barbara Hammond was an accomplished classicist the first woman to earn a First Class degree in Greats at Oxford She is shown here to have done much more work on the labourer books than has been previously recognized and to sustain through her letters an artful running commentary on the foibles of her age Through her especially the author evokes a radical but also doggedly Victorian sensibility that survived uneasily into the age of Bloomsbury and beyond The Hammonds were unique in the extent of their fused identity in the extent to which they became as G M Trevelyan once put it one flesh and one author The Hammonds is part dual biography part evocation of an age but it is also a study of marriage a marriage at a particular moment in history a marriage in the art and craft of history *Dictionary of British Educationists* Richard Aldrich, Peter Gordon, 2016-04-01 This dictionary provides the reader with an easily accessible guide to the biographies of approximately 450 educationists It covers the period from 1800 to the present day and includes a wide range of people who were active in promoting education at different levels **Modern and Contemporary European History (1815-1928)** Jacob Salwyn Schapiro, 1929 **An Economic History of Modern Britain** Sir John Harold Clapham, 1926 History and Society R.H. Tawney, 2013-04-15 R H Tawney believed that the subject of economic history raises questions which touch the fundamental concerns of all thinking people By setting economic development firmly within the framework of cultural and political life he provided an alternative to the recent fragmentation of economic history into a number of increasingly technical specialisms First published as a collection in 1978 these ten essays spanning the length of Professor Tawney's career remain as controversial and potent as ever and the original introduction by J M Winter provides the first full evaluation and significance of R H Tawney's approach to economic history Among the essays included in this volume are the indispensable studies of The Rise of the Gentry and Harrington's Interpretation of His Age as well as The Abolition of Economic Controls 1918-1921 here published in full for the first time Other selections such as Tawney's celebrated inaugural lecture as Professor of Economic History at the London School of Economics in 1933 the Study of Economic History offer a representative sample of the range and sweep of Tawney's historical imagination Taken together these essays demonstrate the validity of Tawney's conviction that economic historians must confront not only the creation of wealth but also the moral questions surrounding its distribution *An Economic History of Modern Britain ...: The early railway age, 1820-1850* Sir John Harold Clapham, 1926 *Bulletin of the New York Public Library* New York Public Library, 1924 Includes its Report 1896-19 *Among Our Books* Carnegie Library of Pittsburgh, 1925 Monthly Bulletin of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1925 Catalogue of the London Library, St. James Square, London.
