*Ancient Egyptian Administration* Juan Carlos Moreno García, 2013-06-03 Ancient Egyptian Administration provides the first comprehensive overview of the structure organization and evolution of the pharaonic administration from its origins to the end of the Late Period. The book not only focuses on bureaucracy departments and official practices but also on more informal issues like patronage the limits in the actual exercise of authority and the competing interests between institutions and factions within the ruling elite. Furthermore general chapters devoted to the best documented periods in Egyptian history are supplemented by more detailed ones dealing with specific archives regions and administrative problems. The volume thus produced by an international team of leading scholars will be an indispensable up to date tool of research covering a much neglected aspect of pharaonic civilization.

## **Femmes twas et droits des Twas dans la région africaine des Grands Lacs**

Dorothy Jackson, 2003-11-10 Les Twas en tant que peuple autochtone de la région africaine des Grands Lacs sont dominés par de nombreux autres groupes ethniques. Si les Twas dans leur ensemble souffrent de discrimination et de marginalisation, et d'extrême pauvreté, combien plus les femmes twas en souffrent elles. Cette situation a terriblement exacerbé par le violent conflit qui a secoué la région. Dorothy Jackson possède de nombreuses années d'expérience et de travail aux côtés des communautés twas de la région et des femmes twas en particulier. On devine clairement les voix des femmes twas dans ce rapport qui plaident pour des changements et la reconnaissance de leurs droits en tant qu'autochtones et en tant que femmes. Malgré la discrimination et la pauvreté qui sont leur lot quotidien, elles sont pleines d'énergie, de foi et de courage. Ce que ce rapport suffit à montrer, la question fondamentale est aujourd'hui de premier ordre pour les femmes comme pour les communautés twas. Les Twas étaient traditionnellement dépendants des forêts et des territoires sur lesquels ils vivaient. Or, aujourd'hui la plupart des Twas sont sans terre. Leur culture et leur existence même sont en danger. Qui plus est, les changements profonds qui affectent aujourd'hui leurs sociétés sont en train de remettre en question le statut traditionnel de galit entre hommes et femmes. Ce rapport présente les politiques gouvernementales et les instruments juridiques internationaux relatifs aux droits humains que les Twas et les organisations qui les soutiennent pourraient utiliser au Burundi, en Ouganda et République démocratique du Congo et au Rwanda. En guise de conclusion, le rapport offre des recommandations aux gouvernements de ces Etats et aux organisations de développement.

*Regional Identity and Economic Change* Tom Scott, 1997 The current debate about the best methods of European organization central or regional is influenced by an awareness of regional identity which offers an alternative to the rigidities of organization by nation state. Yet where does the sense of regionalism come from? What are the distinctive factors that transform a geographical area into a particular region? Tom Scott addresses these questions in this study of one apparently natural region, the Upper Rhine between 1450 and 1600. This region has been divided between three countries and so historically

marginalized yet Dr Scott is able to trace the existence of a sense of historical regional identity cutting across national frontiers founded on common economic interests But that identity was always contingent and precarious neither natural nor immutable   **Boletim comercial do Brasil** ,1928   *Bibliographie générale des sciences juridiques, politiques, économiques et sociales de 1800 à 1925-1926* A.
