Los inocentes Hermann Broch, 2014-09-04 Ambientada en una peque a ciudad alemana en el per odo de entreguerras Los inocentes ofrece un retrato de la situaci n social que llev a muchos a refugiarse en los ideales del nacionalsocialismo Los inocentes 1950 se hilvana a partir de varios relatos que hab an sido publicados en prensa y seis poemas que conservan el lirismo de algunos pasajes de La muerte de Virgilio El resultado es una novela desgarradora en la que a trav s de sus personajes femeninos la baronesa W Zerline Hildegard y Melitta asistimos a la decadencia la apat a y el desencuentro de la sociedad alemana de entreguerras que permitir la ascensi n del fascismo y en la que ya no queda lugar para la inocencia Rese a Una de las manifestaciones m s altas de la prosa alemana del siglo XX Hannah Arendt *Haunted Families and Temporal Normativity in Hispanic Horror Films* Charles St-Georges, 2018-04-20 This book examines the interactions between ghosts and families in three recent horror films from the Spanish speaking world that rather than explicitly referencing recent political violence speak to the societal conditions and everyday normative violence that serve as preconditions for

political violence This study deconstructs intersectional processes of racially and sexually normative subject formation and its oppositional other ghostly erasure that are framed by a common temporal logic wherein full citizenship is contingent upon a nation's dominant notions of contemporaneity and whether individuals properly inhabit prescriptive timelines of reproductivity St George's study explores ways in which ghosts and families are manipulated in each national imaginary as a strategy for negotiating volatility within symbolic order a tactic that can either naturalize or challenge normative discourses As a literary and cinematic trope ghosts are particularly useful vehicles for the exploration of national imaginaries and the dominant or competing cultural attitudes towards a country's history and thus the articulation of a present political reality The rhetorical figure of the family is also key in this process as a mechanism for expressing national allegories for expressing generational anxieties about a nation's relationship to time and for organizing societies and social subjects as such interpellating them into or excluding them from national imaginaries By proposing these specific coordinates ghosts and families and by mapping their relationship between Spain and Latin America Troubling Timelines proposes a study of a temporal framework that besides bridging the traditional area studies divide across the Atlantic creates a space for interdisciplinary inquiry while also responding to increasing demand for studies that focus on intersectionality
