Signifying Loss Nouri Gana, 2011-01-20 By remapping the configurations of mourning across modernist postmodernist and postcolonial literatures psychoanalysis and deconstruction James Joyce Jamaica Kincaid Tahar Ben Jelloun Elias Khoury Sigmund Freud and Jacques Derrida Signifying Loss studies not only how loss is signified but also the ethico political significance of such signifying First by examining the dynamics between narrative tropes and mourning it elaborates a poetics of narrative mourning in which prosopopoeia becomes the master trope of mourning while catachresis the master trope of melancholia and chiasmus of trauma Second it develops a situated and flexible theory of mourning capable of adjusting to diverse contexts in which the ethical and political stakes of mourning are different in short Signifying Loss calls for the formulation of geopolitical and differential tactics of mourning and mournability rather that for a clear cut strategy of The Loss of a Life Partner Carolyn Ambler Walter, 2003 Through discussions of inconsolability The Living Age ,1884 various theories of grief narratives of the bereaved obtained in interviews with 22 men and women case study analysis and chapter summaries this text integrates the literature about and the bereavement experiences of partners in varying types of relationships Sartor Resartus Thomas Carlyle, 2017-06-13T17:04:28Z Sartor Resartus was a strange and new book when it was first published in 1833 and in many ways it remains a strange and new book today The bulk of the novel takes the form of the a commentary on the life and works of the fictional Diogenes Teufelsdr ckh a sort of renaissance man German philosopher who develops a Philosophy of Clothes The commentary is composed by a fictional English commentator known only as the Editor the Editor claims to have translated many of Teufelsdr ckh s ideas and quotes from German As the commentary progresses the Editor receives a bag of paper scraps on which are written various autobiographical fragments from Teufelsdr ckh s life The Editor s attempts to organize and interpret these scraps forms the second part of the novel The work is multi faceted sometimes a parody sometimes a comedy sometimes a satire and sometimes seriously philosophical Some critics consider it an early existentialist text At the very least its unique structure and use of meta narrative is hugely influential to modern literature Borges was said to have memorized entire pages and modern texts like Nabokov s Pale Fire borrow liberally from the concept of a meta narrative organized on scraps of paper This book is part of the Standard Ebooks
