Crosby,2012 Repair my house From a crucifix in a ruined chapel St

Francis heard this instruction which set him on a mission of evangelical renewal In the light of unprecedented crisis afflicting the Catholic church Michael Crosby calls us all to undertake a wholesale project of repair and renewal The crisis is visible in the sex abuse scandal and the questions it has raised about internal structures of authority and clerical culture Meanwhile a spate of new atheists has challenged traditional worldviews The percentage of those identifying themselves as former Catholics grows at an alarming rate In response Fr Crosby sees a challenge to return to the core evangelical message of Jesus Christ This message is supported not contradicted by discoveries in science and cosmology He envisions a new way of being Catholic and a set of practices that draws on the contemplative compassionate and life giving spirit of the Kingdom that God s will may be realized on earth as it is in heaven Left Legalism/Left Critique Wendy Brown,Janet

Nietzsche, Religion, and Mood Sampsa Andrei

Saarinén, 2019-05-20 How does Nietzsche as psychologist envision the future of religion and atheism While there has been no lack of psychological studies that have sought to illuminate Nietzsche's philosophy of religion by interpreting his biography this monograph is the first comprehensive study to approach the topic through the philosopher's own psychological thinking The author shows how Nietzsche's critical writings on religion and especially on religious decline and future possibilities are informed by his psychological thinking about moods The author furthermore argues that the clarification of this aspect of the philosopher's work is essential to interpreting some of the most ambiguous words found in his writings the words that God is dead Instead of merely denying the existence of God in a way that leaves a melancholic need for religion or a futile search for replacements intact Nietzsche arguably envisions the possibility of a radical atheism which is characterized by a mood of joyful doubt The examination of this vision should be of great interest to scholars of Nietzsche and of the history of philosophy but also of relevance to all those who take an interest in the interdisciplinary discourse on secularization
