Best Books for Children Catherine Barr, 2006. Contains more than 25,000 titles of books recommended for children in grades K-6. *Children's Books in Print* R. R. Bowker Publishing, Bowker, 1999-12. **School Library Journal**, 1991. **Best Books for Children, Preschool Through Grade 6**, 2006. *Fantasy Literature for Children and Young Adults* Ruth Nadelman Lynn, 1995-01-30. Drawing on distinguished review sources, this updated and expanded guide recommends more than 4,800 American and British fantasy novels and anthologies, including nearly 1,500 new to this edition. Ten topical chapters embrace the entire range of fantasy literature from allegory to witchcraft. Detailed annotations note major awards won, review citations, suggested reading level, other related titles by the author, and more. Back cover. **Adventuring with Books** Julie M. Jensen, Nancy Roser, 1993. Designed to help teachers, librarians, and parents introduce books of exceptional literary and artistic merit, accuracy, and appeal to preschool through sixth grade children, this annotated bibliography presents nearly 1,800 annotations of approximately 2,000 books. 2 or more books in a series appear in a single review published between 1988 and 1992. Annotations are grouped under 13 headings: Biography, Books for Young Children, Celebrations, Classics, Contemporary Realistic Fiction, Fantasy, Fine Arts, Historical Fiction, Language and Reading, Poetry, Sciences and Mathematics, Social Studies, and Traditional Literature. In addition to the author and title, each annotation lists illustrators where applicable and the recommended age range of potential readers. A selected list of literary awards given to children's books published between 1988 and 1992, a description of popular booklists, author, illustrator, subject, and title indexes, and a directory of publishers are attached. RS. *Popular Series Fiction for K-6 Readers* Rebecca L. Thomas, Catherine Barr, 2004. Because of their popularity, books in series are great vehicles for fostering literacy among all types of readers who are almost always adamant about reading every title in the series in series order. Yet traditional information sources on children's and YA literature include very little about series fiction, so librarians often have difficulty managing this literature. This guide will be a rich resource and time saver for librarians who work with children. It introduces users to the best and most popular fiction series of today, covering more than 1,000 series with over 10,000 titles appropriate for elementary readers. Annotations also indicate series and titles accepted by some of the popular electronic reading programs, e.g. Accelerated Reading, Reading First. A numbered list of titles in the series follows.
