**Lost Leviathan** Francis Downes Ommanney,1971      Lost Leviathan Francis Downes Ommanney,1971      **Leviathans of Jupiter** Ben Bova,2011-02-01 In Ben Bova's novel JUPITER physicist Grant Archer led an expedition into Jupiter's hostile planetwide ocean attempting to study the unusual and massive creatures that call the planet their home Unprepared for the hostile environment and crushing pressures Grant's team faced certain death as their ship malfunctioned and slowly sank to the planet's depths However one of Jupiter's native creatures a city sized leviathan saved the doomed ship This creature's act convinced Grant that the huge creatures were intelligent but he lacked scientific proof Now several years later Grant prepares a new expedition to prove once and for all that the huge creatures are intelligent The new team faces dangers from both the hostile environment and from humans who will do anything to make sure the mission is a failure even if it means murdering the entire crew One of Library Journal's Best SF Fantasy Books of 2011      **Leviathan's Glass** Deborah Barnett,2010-03-02 The equal armed cross is a symbol as old as mankind predating the modern cross by millennia It represents the crossing point between body and spirit For the true adept there is another crossing line which bisects the two The true light of gnosis is represented by this line At this point reality and dreams blend and sit not altogether comfortably together What seems mundane what could be ordinary can be transformed into the truly magical at the point of crossing The Abyss between the Great Sea and the place wherein true wisdom dwells The experience differs for every adept and this book is not intended to be a definitive work on crossing The Abyss Rather it is designed to open up those centres receptive to the primeval forces which of necessity need to be released tamed and then banished Love is the law love under will Where the three forces meet then either chaos ensues or order is created from chaos      **Leviathan's Blood** Ben Peek,2016-05-31 At the end of The Godless Mireea lay in ruins the dead of the city had risen as ghosts and the keepers Fo and Bau had been slain by Zaifyr The Mireeans have now fled to the city of Yeflam with the immortal Zaifyr in chains to barter for their safety With the threat of war arriving at the Floating Cities Zaifyr's trial will become the center of political games However Zaifyr is intent on using his trial to begin a new war a motive that many fear is an echo of the dangerous man he once was Ayae a young girl cursed with the gift of fire sees a chance to learn more of her powers here in the floating city but she is weighed down by her new responsibilities regarding the safety of the Mireean people Across the far ocean exiled Baron Bueralan and cartographer Orlan have arrived in the city of Ooila with some chilling cargo the soul of a dead man As the two men are accepted into the city's court they are pulled ever deeper into the Queen's web of lies and deceit All the while a rumor begins to spread of a man who has come ashore whose seemingly innocent presence threatens them all      **The Leviathan's Lantern** Lauren Santiago,2025-01-07 Marrowspire humanity's last city clings to the bioluminescent back of the Leviathan a colossal creature of unknown age For generations the Drifters have lived in symbiosis with the Leviathan their history lost to the ocean's depths their lives a precarious dance on the giant's breathing back Twelve year old Isska Avani a resourceful

scavenger with a knack for ancient technology unearths a relic whispering of a mythical place the Leviathan's Lantern a submerged city rumored to hold the secrets of humanity's past Driven by an insatiable curiosity Isska embarks on a perilous journey into the ocean's abyss with her two closest friends Rhea Voss a Drifter with an intuitive connection to the ocean currents and Kaelen Baines a brilliant tinkerer ostracized for his unconventional ideas Together they navigate the uncharted depths in a retrofitted submersible facing shimmering forests of bioluminescent jellyfish terrifying underwater storms and the chilling wrath of mechanical sea predators Meanwhile back in Marrowspire Elder Elara Morell the city's spiritual leader views Isska's quest as a sacrilegious threat to their delicate balance with the Leviathan As whispers of dissent turn into open accusations Isska's quest becomes a race against time not only to uncover the truth but to save her city from the rising tide of fear and suspicion Within the breathtaking spectacle of the Leviathan's Lantern they discover a devastating truth the Leviathan is dying its fading light a harbinger of Marrowspire's extinction Armed with forbidden knowledge and ancient technology Isska and her friends must choose between clinging to comforting myths or facing a harsh reality Their return to Marrowspire ignites a clash between tradition and progress faith and reason as they fight to convince the Drifters to embrace a future independent of the dying god they worship Can they awaken their city to the truth before it's too late or will the Leviathan's final breath extinguish humanity's last hope

*Wild Sea* Joy McCann,2019-04-25 This bracing history charts the myths the exploration and the inhabitants of the all too real and wild circumpolar ocean to our south The Sydney Morning Herald Pick of the Week Unlike the Pacific Atlantic Indian and Arctic Oceans with their long maritime histories little is known about the Southern Ocean This book takes readers beyond the familiar heroic narratives of polar exploration to explore the nature of this stormy circumpolar ocean and its place in Western and Indigenous histories Drawing from a vast archive of charts and maps sea captains journals whalers log books missionaries correspondence voyagers letters scientific reports stories myths and her own experiences Joy McCann embarks on a voyage of discovery across its surfaces and into its depths revealing its distinctive physical and biological processes as well as the people species events and ideas that have shaped our perceptions of it The result is both a global story of changing scientific knowledge about oceans and their vulnerability to human actions and a local one showing how the Southern Ocean has defined and sustained southern environments and people over time Beautifully and powerfully written Wild Sea will raise a broader awareness and appreciation of the natural and cultural

history of this little known ocean and its emerging importance as a barometer of planetary climate change A sensitive portrait of a complex ecosystem from krill to blue whales and of the ice winds and currents that are critical to the circulation of the world's oceans Harper's Wilderness seekers will rejoice in this stirring portrait McCann deftly navigates both natural glories and archival complexities Nature *Shrinking the Earth* Donald Worster, 2016-01-08 The discovery of the Americas around 1500 AD was an extraordinary watershed in human experience It gave rise to the modern period of human ecology a phenomenon global in scope that set in motion profound changes in almost every society on earth This new period which saw the depletion of the lands of the New World proved tragic for some triumphant for others and powerfully affecting for all In this work acclaimed environmental historian Donald Worster takes a global view in his examination of the ways in which complex issues of worldwide abundance and scarcity have shaped American society and behavior over three centuries Looking at the limits nature imposes on human ambitions he questions whether America today is in the midst of a shift from a culture of abundance to a culture of limits and whether American consumption has become reliant on the global South Worster engages with key political economic and environmental thinkers while presenting his own interpretation of the role of capitalism and government in issues of wealth abundance and scarcity Acknowledging the earth's agency throughout human history *Shrinking the Earth* offers a compelling explanation of how we have arrived where we are and a hopeful way forward on a planet that is no longer as large as it once was

**United States Shipping Board and Emergency Fleet Corporation** United States. Congress. House. Select Committee of Inquiry into Operations, Policies, and Affairs of the United States Shipping Board and Emergency Fleet Corporation, 1925 **Poems** John Keats, 1920 *The Poems of John Keats* John Keats, 1905 *William Blake and the Digital Humanities* Roger Whitson, Jason Whittaker, 2013-01-04 William Blake's work demonstrates two tendencies that are central to social media collaboration and participation Not only does Blake cite and adapt the work of earlier authors and visual artists but contemporary authors musicians and filmmakers feel compelled to use Blake in their own creative acts This book identifies and examines Blake's work as a social and participatory network a phenomenon described as zoamorphosis which encourages even demands that others take up Blake's creative mission The authors reexamine the history of the digital humanities in relation to the study and dissemination of Blake's work from alternatives to traditional forms of archiving embodied by Blake's citation on Twitter and Blakean remixes on YouTube smartmobs using Blake's name as an inspiration to

protest the 2004 Republican National Convention and students crowdsourcing reading and instruction in digital classrooms to better understand and participate in Blake's world. The book also includes a consideration of Blakean motifs that have created artistic networks in music, literature, and film in the twentieth and the twenty-first centuries, showing how Blake is an ideal exemplar for understanding creativity in the digital age. **Ocean Enough and Time** James Gorman, 1995. Enter

James Gorman whose trenchant analysis and crystalline prose part the veil that hides the Southern Ocean from our understanding and appreciation. This ocean is a crucible in which world weather is made as it empties enormous amounts of heat into the atmosphere from the warm water other oceans feed it. It is home to an elegantly simple ecosystem where penguins predominate and many species of whale have thrived and died. *Whaling Captains of Color* Skip

Finley, 2022-02-15. The history of whaling as an industry on this continent has been well told in books including some that have been bestsellers, but what hasn't been told is the story of whaling's leaders of color in an era when the only other option was slavery. Whaling was one of the first American industries to exhibit diversity. A man became a captain not because he was white or well connected but because he knew how to kill a whale. Along the way he could learn navigation and reading and writing. Whaling presented a tantalizing alternative to mainland life. Working with archival records at whaling museums, in libraries, from private archives, and interviews with people whose ancestors were whaling masters, Finley culls stories from the lives of over 50 black whaling captains to create a portrait of what life was like for these leaders of color on the high seas. Each time a ship spotted a whale, a group, often including the captain, would jump into a small boat, row to the whale, and attack it, at times with the captain delivering the killing blow. The first, second, or third mate and boat steerer could eventually have opportunities to move into increasingly responsible roles. Finley explains how this skills-based system propelled captains of color to the helm. The book concludes as facts and factions conspire to kill the industry, including wars, weather, bad management, poor judgment, disease, obsolescence, and a non-renewable natural resource. Ironically, the end of the Civil War allowed the African Americans who were captains to exit the difficult and dangerous occupation and make room for the Cape Verdean who picked up the mantle literally to the end of the industry. **Penance** James Hendershot, 2013-10-23. Penance is

paid for past evils on Lamenta as Sammael lures Lilith into a new world. A new world appears, looking piquant for revenge which shockingly reveals an unpredictable alliance forming between the first and second wives of Adam as both escape the grips of Adam, one through rebellion, the other through death. All three try to save a creation after the image of El Shaddai that has gone wrong, even as murder has spoiled the earth with blood. Follow Lilith as she watches a new source of wickedness explode in this indulging earth. The wickedness of the earthmen as they break the laws given by Jehovah's apex in the end times as their greed and lust destroy each other in numbers beyond comprehension. The heavens now turn away from the giants from the past to the smallest among beasts to punish wickedness through diseases and plagues that enforce the price of sin being death. Lilith finally, on behalf of her father's armies, avenges the murder of her mother, yet now must be the

executor for Jehovah who orders the final end of the earth Jehovah gives Lilith one last chance to save as many daughters of Eve as possible      **A Short History of British Expansion** James Alexander Williamson, 1922
