

LOST RAILWAYS OF KENT

LESLIE OPPITZ

Lost Railways Of Kent

**Keith Robbins, American Historical
Association, Royal Historical Society
(Great Britain)**

Lost Railways Of Kent:

Kent's Lost Railways Marie Panter,2015-08 This title collects archive photographs and vital statistics of closed passenger railway stations in Kent Information including dates of opening and closure length of lines etc is also provided *Lost Railways of Kent* Leslie Oppitz,2003-10-01 Traces the history of the county s railway lines from their opening in the 19th century their heyday at the turn of the century and in many cases their closure in the 20th century Tracing Lost Railways Trevor Yorke,2020-03-19 The drastic railway closures of the 1960s led to the slow decay and re purposing of hundreds of miles of railway infrastructure Though these buildings and apparatus are now ghosts of their former selves countless clues to our railway heritage still remain in the form of embankments cuttings tunnels converted or tumbledown wayside buildings and old railway furniture such as signal posts Many disused routes are preserved in the form of cycle tracks and footpaths This colourfully illustrated book helps you to decipher the fascinating features that remain today and to understand their original functions demonstrating how old routes can be traced on maps outlining their permanent stamp on the landscape and teaching you how to form a mental picture of a line in its heyday **The Railways of the Isle of Sheppey** Graeme Gleaves,2024-07-04 The Isle of Sheppey sits just off the north coast of Kent where the Medway and Thames estuaries flow into the North Sea Over centuries this was a place that was home to farmland castles a dock yard an air station industrial installations calm beaches and a population of islanders who have taken a pride in their home To serve the needs of all of this a small railway network was built up and even an urban tram network Included in this was a fixed link that was the first to ever link the island to the mainland From 1860 the network grew as the importance of the island grew Continental boat passengers dockyard workmen and day trippers they were all carried on the trains and trams that shuttled about to from and across the flat terrain of this often overlooked island Being an island can create its own unique set of challenges and the railways on the island were certainly challenged by misfortune and circumstances but the little network kept going until economics got the better of it and from there on it becomes a story of contractions and closure The Island can still boast a railway today but it is far removed from the story of its past This work seeks to tell the story of the railways on the island how they came to be built how they were run and how times changed over the following decades **The Railway Magazine** ,1905 **Sussex Railway Stations Through Time** Douglas d'Enno,2016-08-15 Douglas D Enno explores the history of Sussex s railway stations **The Early History of Railway Tunnels** Hubert Pragnell,2024-08-30 To the early railway traveller the prospect of travelling to places in hours rather than days hitherto was an inviting prospect however a journey was not without its fears as well as excitement To some the prospect of travelling through a tunnel without carriage lighting with smoke permeating the compartment and the confined noise was a horror of the new age What might happen if we broke down or crashed into another train in the darkness To others it was exciting with the light from the footplate flickering against the tunnel walls or spotting the occasional glimpses of light from a ventilation shaft To the directors of early railway

companies planning a route was governed by expense and the most direct way. Avoiding hills could add miles but tunnelling through them could involve vast expense as the Great Western Railway found at Box and the London and Birmingham at Kilsby. Creating a cutting as an alternative was also costly not only in labour and time but also in compensation for landowners who opposed railways on visual and social grounds having seen their land divided by canals. Construction involved millions of bricks or blocks of stone for sufficiently thick walls to withstand collapse. However the entrance barely seen from the carriage window might be an impressive Italianate arch as at Primrose Hill or a castellated portal worthy of the Middle Ages as at Bramhope. This book sets out to tell the story of tunnelling in Britain up to about 1870 when it was a question of burrowing through earth and rock with spade and explosive powder with the constant danger of collapse or flooding leading to injury and death. It uses contemporary accounts from the dangers of railway travel by Dickens to the excitement of being drawn through the Liverpool Wapping Tunnel by the young composer Mendelssohn. It includes descriptions from early railway company guide books, newspapers and diaries. It also includes numerous photographs and colored architectural elevations from railway archives.

A Railroad Atlas of the United States in 1946 Richard C. Carpenter, 2003. Containing 202 hand drawn color maps of every railroad line in Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia and the District of Columbia, this book provides a unique record of a time when passenger trains still made stops in every town and freight trains carried the bulk of the nation's cargo. Drawn at a scale of 1 inch to 4 miles, the maps include main and branch passenger and freight lines, former steam locomotive and manual signal tower stations, towns that functioned as crew change points, track pans, coaling stations and a variety of indexes of railroad features. Carpenter is a longtime observer and collector of railroad history. This is the first volume in a series that eventually will provide the first comprehensive atlas of the U.S. post World War II railroad system. Annotation c 2003 Book News Inc. Portland, OR booknews.com

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996. Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

Appleton's Magazine, 1903

The Booklovers Magazine, 1903

The Stationmaster's Daughter Harriet Hudson, 2005. A story that links the past and the present to bring this intriguing story of beauty and betrayal to life. This family saga travels from the sixteenth to the twenty-first century.

The British National Bibliography Arthur James Wells, 2007

Britain's 100 Best Railway Stations Simon Jenkins, 2017-09-28. Discover the architectural gems that are Britain's 100 Best Railway Stations in this Sunday Times top 10 bestseller. This is a cracker, a beautiful book. Chris Evans: It is the scene for our hopeful beginnings and our intended ends and the timeless experiences of coming and going, meeting, greeting and parting. It is an institution with its own rituals and priests and a long neglected aspect of Britain's architecture. And yet so little do we look at the railway station. Simon Jenkins has

travelled the length and breadth of Great Britain from Waterloo to Wemyss Bay Betws y Coed to Beverley to select his hundred best railway stations Blending his usual insight and authority with his personal reflections and experiences including his founding the Railway Heritage Trust the foremost expert on our national heritage deftly reveals the history geography design and significance of each of these glories Beautifully illustrated with colour photographs throughout this joyous exploration of our social history shows the station s role in the national imagination champions the engineers architects and rival companies that made them possible and tells the story behind the triumphs and follies of these very British creations These are the marvellous often undersung places that link our nation celebrated like never before However spectacular the book s photographs it s the author s prowess as a phrase maker that keeps you turning the pages The Times An uplifting exploration of our social history Guardian *Reports of the Inspecting Officers of the Railway Department to the Lords of the Committee of Privy Council for Trade, Upon Certain Accidents which Have Occurred on Railways* Great Britain. Board of Trade. Railway Department,1864 *Kent's Transport Heritage* James Preston,2017-09-15 James Preston explores the transport heritage of Kent *Herapath's Railway Magazine, Commercial Journal, and Scientific Review* ,1839 The Railway Times ... ,1855 Railway Times ,1846 **Synoptic Report of the Proceedings of the House of Assembly** New Brunswick. House of Assembly,1891
