Lost Summer The Heyday Of The West End Theatre:

The Lost Summer Charles Duff, 1995 **West End Women** Maggie Gale, 2008-03-07 Maggie Gale's *West End Women* uncovers groundbreaking material about women playwrights and the staging of their performances between the years 1918 and 1962. It documents a dynamic era of social and theatrical history analysing the transformations that occurred in the theatre and the lives of British women in relation to specific plays of the period. Focusing on the work of playwrights such as Dodie Smith, Clemence Dane, Gordon Daviot and Bridget Boland, Maggie Gale examines the cultural and political context within which they enjoyed commercial success and great notoriety.

Twentieth-Century British Theatre Claire Cochrane, 2011-10-27 In this book Claire Cochrane maps the experience of theatre across the British Isles during the twentieth century through the social and economic factors which shaped it. Three topographies for 1900, 1950 and 2000 survey the complex plurality of theatre within the nation state which at the beginning of the century was at the hub of world wide imperial interests and after one hundred years had seen unprecedented demographic, economic and industrial change. Cochrane analyses the dominance of London theatre but redresses the balance in favour of the hitherto marginalised majority experience in the English regions and the other component nations of the British political construct. Developments arising from demographic change are outlined especially those relating to the rapid expansion of migrant communities representing multiple ethnicities. Presenting fresh historiographic perspectives on twentieth century British theatre, the book breaks down the traditionally accepted binary oppositions between different sectors showing a broader spectrum of theatre practice.

The Cambridge History of Twentieth-Century English Literature Laura Marcus, Peter Nicholls, 2004 Publisher Description

1956 and All That Dan Rebellato, 2002-03-11 It is said that British Drama was shockingly lifted out of the doldrums by the revolutionary appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956. But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed? Was the era of Terence Rattigan and Binkie Beaumont as repressed and closeted as it seems? In this bold and fascinating challenge to the received wisdom of the last forty years of theatrical history, Dan Rebellato uncovers a different story altogether. It is one where Britain's declining Empire and increasing panic over the problem of homosexuality played a crucial role in the construction of an enduring myth of the

theatre By going back to primary sources and rigorously questioning all assumptions Rebellato has rewritten the history of the Making of Modern British Drama
