Going for Broke James M. McCaffrey, 2013-04-30 When Japanese forces attacked Pearl Harbor on December 7 1941 Americans reacted with revulsion and horror In the patriotic war fever that followed thousands of volunteers including Japanese Americans rushed to military recruitment centers Except for those in the Hawaii National Guard who made up the 100th Infantry Battalion the U S Army initially turned Japanese American prospects away Then as a result of anti Japanese fearmongering on the West Coast more than 100 000 Americans of Japanese descent were sent to confinement in inland relocation centers Most were natural born citizens their only crime their ethnicity After the army eventually decided it would admit the second generation Japanese American Nisei volunteers it complemented the 100th Infantry Battalion by creating the 442nd Regimental Combat Team This mostly Japanese American unit consisted of soldiers drafted before Pearl Harbor volunteers from Hawaii and even recruits from the relocation centers In *Going for Broke* historian James M McCaffrey traces these men's experiences in World War II from training to some of the deadliest combat in Europe Weaving together the voices of numerous soldiers McCaffrey tells of the men's frustrations and achievements on the U S mainland and abroad Training in Mississippi the recruits from Hawaii and the mainland have their first encounter with southern style black white segregation Once in action they helped push the Germans out of Italy and France The 442nd would go on to become one of the most highly decorated units in the U S Army McCaffrey's account makes clear that like other American soldiers in World War II the Nisei relied on their personal determination social values and training to go for broke to bet everything even their lives Ultimately their bravery and patriotism in the face of prejudice advanced racial harmony and opportunities for Japanese Americans after the war

The 100/442D Regimental Combat Team's Rescue of the Lost Battalion

Major Nathan K. Watanabe, 2014-08-15 This thesis examines the application of battle command during the 100 442d Regimental Combat Team's rescue of the First Battalion 141st Infantry Regiment 36th Infantry Division the Lost Battalion. As background, this study presents a brief history of the Japanese in Hawaii and the United States, of the formation and record of the 100 442d RCT and of the battle to rescue the Lost Battalion. The contemporary concept of battle command is defined as per Army Field Manual 3-0 Operations, June 2001, and Field Manual 22-100 Leadership: Be Known, Do, August 1999, and shown to encompass the World War II era concepts of command and leadership. This study examines how the tenets of battle command visualize, describe, direct, and were applied by the 36th Division and the 100 442d RCT during the operation. Specific examples from the battle will illustrate both the use and neglect of the precepts of battle command and illustrate the importance of sound command and leadership techniques as well as the value of unit cohesion in present-day operations.

Parameters, 1997 *Five Years, Four Fronts* Georg Grossjohann, 1999 A WWII German memoir of major importance recalling the wartime career of a professional soldier and Knight's Cross winner. Significance: This book gives it to the reader with the bark on; it is utterly devoid of self-serving selective amnesia or embellishments and conveys a sense of eminent humanity. Far from being consistently perfect examples of military efficiency or martial valour, the characters in this book cover the spectrum from coward and incompetent dolt to eccentric to near saint and lionhearted warrior. Similarly, the quality of planning, support, and decision making the author observed spans the range from imbecilic to uninspired to brilliant. Grossjohann never imagined his story would be published but rather strove to leave his honest account behind for his progeny. Thanks to the efforts of his widow Edeltraud Grossjohann and Ulrich Abele, the work's gifted translator, this story is now available to English-speaking students of WWII. Most importantly, this book covers several of the sideshow battles and campaigns of WWII in Europe and exposes the reader to a German Army that many readers will be surprised to find existed. The late Georg Grossjohann 1911-19
