Lost Continent Travels In Small Town America:

The Lost Continent Bill Bryson, 2012-09-25 I come from Des Moines Somebody had to And as soon as Bill Bryson was old enough he left Des Moines couldn't hold him but it did lure him back After ten years in England he returned to the land of his youth and drove almost 14 000 miles in search of a mythical small town called Amalgam the kind of smiling village where the movies from his youth were set Instead he drove through a series of horrific burgs which he renamed Smellville Fartville Coleslaw Coma and Doldrum At best his search led him to Anywhere USA a lookalike strip of gas stations motels and hamburger outlets populated by obese and slow witted hicks with a partiality for synthetic fibres He discovered a continent that was doubly lost lost to itself because he found it blighted by greed pollution mobile homes and television lost to him because he had become a foreigner in his own country **The Lost Continent** Bill Bryson, 1992 **Small-Town America**

Robert Wuthnow, 2015-05-26 A revealing examination of small town life More than thirty million Americans live in small out of the way places Many of them could have joined the vast majority of Americans who live in cities and suburbs They could live closer to more lucrative careers and convenient shopping a wider range of educational opportunities and more robust health care But they have opted to live differently In Small Town America we meet factory workers shop owners retirees teachers clergy and mayors residents who show neighborliness in small ways but who also worry about everything from school closings and their children's futures to the ups and downs of the local economy Drawing on more than seven hundred in depth interviews in hundreds of towns across America and three decades of census data Robert Wuthnow shows the fragility of community in small towns He covers a host of topics including the symbols and rituals of small town life the roles of formal and informal leaders the social role of religious congregations the perception of moral and economic decline and the myriad ways residents in small towns make sense of their own lives Wuthnow also tackles difficult issues such as class and race abortion homosexuality and substance abuse Small Town America paints a rich panorama of individuals who reside in small communities finding that for many people living in a small town is an important part of self identity The Lost Continent Bill Bryson, 1990 Bill Bryson drove 14 000 miles in search of the mythical small town of his youth Instead he found a lookalike strip of gas stations motels and hamburger joints a continent lost to itself through greed pollution and television and lost to him because he had become a foreigner in his own country A funny and serious view of smalltown America

Winnebago Nation James B. Twitchell, 2014-04-08 In *Winnebago Nation* popular critic James B. Twitchell takes a light hearted look at the culture and industry behind the yearning to spend the night in one's car For the young the roadtrip is a coming of age ceremony for those later in life it is the realization of a lifelong desire to be spontaneous nomadic and free Informed by his own experiences on the road Twitchell recounts the RV's origins and evolution over the twentieth century its rise fall and rebirth as a cultural icon its growing mechanical complexity as it evolved from an estate wagon to a converted bus to a mobile home and its role in bolstering and challenging conceptions of American identity Mechanical yet dreamy independent yet needful solitary yet clubby adventurous yet homebound life in a mobile home is a distillation of the American character and an important embodiment of American exceptionalism Richie Rich and Hobo

Hank spend time in essentially the same rig at the same campground albeit for different reasons and in different levels of comfort The frontier may be tapped out but we still yearn for the exploratory life Twitchell concludes with his thoughts on the future of RV communities and the possibility of mobile cities becoming a real part of the American landscape
