The Lost Writings James Connolly, 1997-10 James Connolly was a prolific writer of books tracts articles and essays and conducted a voluminous correspondence with ideological friends and foes of every persuasion This selection of just over 100 previously uncollected articles and essays is arranged into six sections corresponding to the journals in which they originally appeared The Workers Republic The Socialist The Harp The Irish Worker The Worker and The Workers Republic 1915 1916 Each section is prefaced with a brief historical context and explanatory footnotes are included throughout The introduction provides a biographical sketch of the man and his times and an account of the tangled history of the posthumous publication of Connolly's work providing a mirror of developments in the Irish labour movement since Connolly's death

The Lost Writings Franz Kafka, 2020-10-06 A windfall for every reader a trove of marvelous impossible to find Kafka stories in a masterful new translation by Michael Hofmann Selected by the preeminent Kafka biographer and scholar Reiner Stach and newly translated by the peerless Michael Hofmann the seventy four pieces gathered here have been lost to sight for decades and two of them have never been translated into English before Some stories are several pages long some run about a page a handful are only a few lines long all are marvels Even the most fragmentary texts are revelations These pieces were drawn from two large volumes of the S Fischer Verlag edition *Nachgelassene Schriften und Fragmente* totaling some 1100 pages Franz Kafka is the master of the literary fragment as Stach comments in his afterword In no other European author does the proportion of completed and published works loom quite so small in the overall mass of his papers which consist largely of broken off beginnings In fact as Hofmann recently added Finished seems to me in the context of Kafka a dubious or ironic condition anyway The more finished the less finished The less finished the more finished Gregor Samsa's sister Grete getting up to stretch in the streetcar What kind of an ending is that There's perhaps some distinction to be made between finished and ended Everything continues to vibrate or unsettle anyway Reiner Stach points out that none of the three novels were completed Some pieces break off or are concluded or stop it doesn't matter after two hundred pages some after two lines The gusto the friendliness the wit with which Kafka launches himself into these things is astonishing

The Lost Writings of Steve Garvey Nicholas Barnes, 2000-12-28 When I'd finished a glass of sherry I picked up the pages and went over my work something I realized I immediately despised re-reading is a horrifying task and I have not done it since they usually go straight into the fire I could scarcely bring myself to go beyond the second line but willed my way through it squinting out of the corner of my eye My story was horrible so thickly pretentious so convoluted twisted in on itself to such a nauseating degree that I vowed never to write another word I did not adhere to that vow but have cured the after shame problem by to wit burning most of the things I write in my fireplace But there is the matter of survival So in reality quilting is what I have to offer this world

McAlduff,John Edgar Browning,2025-05-07 As Carol A Senf has noted of some of Bram Stoker s less prominent fictions in Science and Social Science in Bram Stoker s Fiction 2002 they often occupy an elusive place a realm that is not precisely Gothic but that is somehow beyond the scientific and rational world of the late nineteenth and early twentieth centuries The present anthology demonstrates how even Stoker s nonfictive works including his jokes often find themselves at home in the elusive realm of which Senf is here speaking After more than six years of archival inquiry the editors present here nineteen previously unknown or relatively unglimped published letters works of short fiction and journalistic writing by Stoker 1847 1912 including Gibbet Hill 1890 a Gothic short story the editors discovered in 2016 Additionally they present fifty five other unknown period writings by or about Stoker including interviews public addresses speeches and testimonies The works in this anthology together with the extensive research offered in the introduction prefatory note and annotations not only highlight the intertextuality between Dracula and other of Stoker s works but support the conclusion that Stoker s periodical writings indeed denote a much greater force in his literary repertoire than previously accepted Not surprisingly many of the works in this anthology exhibit the same curious sprinkling of characteristically delicate Gothicism and other knowledges for which Stoker has become known outside of his ubiquitous vampire novel **The Lost Books of Merlyn** Douglas
