that we believe we cannot control or affect the societal economic and political structures around us From climate change to nuclear war white nationalism to the worship of wealth and conspicuous consumption as the future becomes seemingly less secure Americans turn away from the public sphere and find shelter in the private Essig argues that when we do this we allow romance to blind us to the real work that needs to be done building global movements that inspire a change in government policies to address economic and social inequality

***The Hand of Compassion*** Kristen Renwick Monroe, 2013-10-31 A fascinating treatise on moral psychology in depth interviews with five people who risked their lives to rescue Jews during World War II Publishers Weekly Through moving interviews with five ordinary people who rescued Jews during the Holocaust Kristen Monroe casts new light on a question at the heart of ethics Why do people risk their lives for strangers and what drives such moral choice Monroe's analysis points not to traditional explanations such as religion or reason but to identity The rescuers' perceptions of themselves in relation to others made their extraordinary acts spontaneous and left the rescuers no choice but to act To turn away Jews was for them literally unimaginable In the words of one German-Czech rescuer The hand of compassion was faster than the calculus of reason At the heart of this unusual book are interviews with the rescuers complex human beings from all parts of the Third Reich and all walks of life Margot a wealthy German who saved Jews while in exile in Holland Otto a German living in Prague who saved more than 100 Jews and provides surprising information about the plot to kill Hitler John a Dutchman on the Gestapo's Most Wanted List Irene a Polish student who hid eighteen Jews in the home of the German major for whom she was keeping house and Knud a Danish wartime policeman who took part in the extraordinary rescue of 85 percent of his country's Jews Monroe's analysis of these stories is a dramatic illumination of the power of identity to shape our most basic political acts including our treatment of others

***The Power of Mother Love*** Brenda Hunter, 2011-05-04

The Power of Mother Love highlights the incredible although sometimes unrealized influence that a mother has on her children and her society. Decades of scientific and psychological study provide overwhelming evidence for the idea that mother love has an enormous permanent impact in shaping the character and life of a child. In her compelling new work, psychologist Brenda Hunter presents a convincing argument that indicates this love is even more powerful, even more far-reaching than our culture has yet realized, not only for the child but for the mother and society as a whole. Affirming the immeasurable value of the mothering role while realistically addressing women's greatest questions and concerns, Hunter clearly reveals how mother love positively affects the way a woman defines herself. All mothers and all those who care about the lives of women, children, and the future of our society will be dramatically impacted by this not-to-be-missed book skillfully written to empower women to mother from the heart.

**Shameless** Steve Geyer, 2016-01-27 Are you plagued with memories of past failures? Do you ever feel like everything that goes badly is your fault? Do words like worthless and unacceptable describe how you feel about yourself? You're not alone. Millions of people struggle with these same thoughts, including people who might surprise you. These thoughts and feelings cause people to put on a variety of masks to cover up the dark and hidden places inside that they are terrified others may see. This book seeks to shed light on shame, the shadowy force that has controlled people's thoughts, actions, and lives for centuries. Comedian and pastor Steve Geyer will take you on a personal and poignant journey as he peels back his own mask and shares insights, life lessons, and a few well-timed laughs along the way. Reading *Shameless* will help you, reader, feel the weight of shame less and less. Steve, I'm sitting in a questionable carwash in a less-than-desirable neighborhood and reading your book for the third time. The ugly cry that happened with the first two readings has surfaced again and is scaring my fellow patrons. Thank you for your candor and transparency. Cameron Winton, Pastor of Discipleship, Woodlawn United Methodist Church, Panama City, FL.

**Forthcoming Books** Rose Arny, 1997-04 **From My Mess to His Message** Christopher Sparks, 2018-02-19 We all have messes in our lives. Some are big ones and some are small ones. Some we make with our choices; some are made for us by others or by sickness. This book is the result of the mess I created with my sin. I found my life turned upside down. I was locked up in prison without my freedom. I disgraced my family. I drove my friends away, and I had lost my job. I hit bottom, and I finally realized that I needed a savior. I cried out to God to take back control over my life. Once I did that, I needed a place to start, and God led me straight to His word. The devotions you will find on the pages of this book are the very words God gave me as He gave them to me. They are His messages of hope and salvation to a hurting child that He loves. He carried me through that season of my life. No matter what it is you are going through in your life, as you read the pages of this book, you will feel the overwhelming love and care Jesus has for you. Day after day, the words He shares with you will heal you and clean up those messes you made by doing it without Him. God will get so much glory as we walk together, watching Him turn your messes into His messages. He did it for me. I know He will do it for you, too.

Stephen J. Ducat, 2024-06-25 An in depth psychological anthropological neuroscientific and historical look at MAGA Republicans and the American Far Right Fueled by conspiracy thinking and a growing indifference to facts some Americans especially on the Right are increasingly seeing their fellow citizens as threats that must be eliminated We are witnessing an epidemic of domestic terrorism with a rapidly accumulating body count This may be the most serious challenge to the integrity of the United States since the Confederate insurrectionists launched their assault on Fort Sumpter in 1861 While an in depth psychological reading of political events Hatreds We Love The Psychology of Political Tribalism in Post Truth America is grounded in the scholarship and insights of social psychologists anthropologists historians psychoanalysts neuroscientists and the many intrepid journalists increasingly threatened by authoritarians who have good reasons to fear truthful reporting And of course author Stephen J Ducat draws on his own experiences visions and values A major topic addressed in the book is the malignant mindset animating MAGA neo fascism s zealous partisans Donald Trump s fortunes may fade in the coming months and years but Trumpism will likely remain ascendant Of course xenophobic bigotry violent aversion to democracy political cults of personality and indifference to facts are global phenomena and not limited to the United States But America plays a prominent role even abroad In December 2022 it was revealed that a right wing coup attempt in Germany was to some extent modeled on America s own post election insurrection which was planned and executed by the paramilitary wing of the MAGA movement That German episode was not the first time that the actions of American anti democratic and white supremacist groups became the template for similar efforts worldwide In the 1930s German fascists looked to America as a blueprint for implementing race based tribalism Hitler so admired Jim Crow laws in the United States especially concerning citizenship and anti miscegenation laws that he sent a team of legal scholars to study their statutory framework for addressing the problem of racial pollution While the Nazis initially found a lot to love and incorporate into the Nuremberg Laws they ironically rejected much of the American model as too harsh Many pundits have decried the extremism of Trumpian lynch mob politics On the contrary Hatreds We Love argues that it is contiguous with the long history of American conservatism going back at least to the antebellum South From this perspective the worldview and actions of the GOP s MAGA faction are the logical outcomes of the consistently expressed right wing ethos of domination xenophobia and the freedom to harm Although there is much handwringing about the toxic synergy of authoritarian political forces white identity politics and the embrace of post factuality there is insufficient understanding of the links between them Chief among those links is tribal psychology Nearly every political pundit decries political tribalism Yet public discussion rarely addresses more than its most disturbing symptoms Hatreds We Love speaks to the causes and underlying dynamics of what is now one of the greatest threats to the viability of what remains of American democracy and global democratic governance more broadly
