Lots Of Cats:

Concept Cat: Teaching Concepts in the Early Years Anna Branagan, Stephen Parsons, 2025-05-30 Conceptual vocabulary shapes children's thinking in the Early Years and forms the foundation for later mathematical and scientific learning. However, these words are abstract and often tricky to learn and to teach. Concept Cat is a tried and tested evidence-based approach that supports all young children's learning of conceptual vocabulary. Vocabulary is taught in a structured and engaging manner with explicit teaching of vocabulary followed by implicit teaching in play-based learning. The resource provides a step-by-step guide to teaching 150 different concepts using songs, stories, and play-based activities. A whole-class approach which is accessible for a wide range of children, including those with limited language. Guidance and resources for working with families to effectively support children's learning. Accompanying downloadable resources including printable symbols of each concept for immediate use in the classroom. Concept Cat is a complete guide to implementing this approach and an essential resource for Early Years educators, primary teachers, and speech and language therapists. All you need is a cat toy to get you started.

The Story of Fester Cat Paul Magrs, 2014-11-04 I always knew that the rest of my story is gonna be a good one. I don't know how I knew that, but I always did. Ungow, I am Fester the cat. Welcome to my book, everyone. From when he first ambled into Paul Magrs's yard, skinny, covered in flea bites, and missing all but one and a half teeth, Fester knew he'd found his family. Paul and his partner Jeremy thought it was the ragged black and white stray, tired from a rough life on the streets, who was in desperate need of support. But clever Fester knew better. He understood that it was his newfound owners who needed the help. Over the course of seven years, the feisty feline turned the quaint Manchester house into a loving home. Through his fierce spirit, strong will, and calming energy, Fester taught Paul and Jeremy how to listen and breathe, how to appreciate the joys of simply sitting and singing, what Fester's purrs sounded like to his silly humans, and how to find joy and contentment in life, even when dealing with hardship. This is the true story of an extraordinary little cat whose gentle charm and trusting soul turned two young men into a family.

Cats For Dummies Gina Spadafori, Lauren Demos, Paul D. Pion, 2020-03-31 Everything you need to take care of your feline friend.
