Lotte in Weimar Morton Dauwen Zabel,1940 **The Beloved Returns** John Pauker,1940 Critique of Thomas

Mann's Novel "The Beloved Returns" (Lotte in Weimar) Agnes Elizabeth Ernst Meyer,1937 *The Beloved Returns*)Lotte in Weimar: Translated From the German by H.T. Lowe-Porter Thomas Mann,1964 *The Author as Character* A. J.

Hoenselaars,1999 Many fictional works have real historical authors as characters Great national literary icons like Virgil and Shakespeare have been fictionalized in novels plays poems movies and operas This fashion might seem typically postmodern the reverse side of the contention that the Author is Dead but this collection of essays shows that the representation of historical authors as characters can boast of a considerable history and may well constitute a genre in its own right This volume brings together a collection of articles on appropriations of historical authors written by experts in a wide range of major Western literatures BOOK JACKET **Romantic Prose Fiction** Gerald Gillespie,Manfred Engel,Bernard

Dieterle,2008-02-14 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie

the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Encyclopedia of German Literature

Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings

The Cambridge Companion to Thomas Mann Ritchie Robertson, 2001-11-29 Key dimensions of Thomas Mann's writing and life are explored in this collection of specially commissioned essays In addition to introductory chapters on all the main works of fiction the essays and diaries there are four chapters examining Mann's oeuvre in relation to major themes These thematic explorations include his position as a realistic writer concerned with the history of his own times and as a commentator on German and American politics his controversial reputation as an intellectual novelist the literary techniques that enabled his challenging fictions to appeal to a wide audience and the homosexual subtext running through his fiction and diaries A final chapter looks at the pitfalls of translating Mann into English The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading Altogether the volume provides an invaluable resource for scholars and students

A Gorgon's Mask

Lewis A. Lawson, 2005 The thesis of A Gorgon's mask The Mother in Thomas Mann's Fiction depends upon three psychoanalytic concepts Freud's early work on the relationship between the infant and its mother and on the psychology of artistic creation Annie Reich's analysis of the grotesque comic sublimation and Edmund Bergler's analysis of writer's block Mann's crisis of sexual anxiety in late

adolescence is presented as the defining moment for his entire artistic life In the throes of that crisis he included a sketch of a female as Gorgon in a book that would not escape his mother's notice But to defend himself from being overcome by the Gorgon mother's stare he employed the grotesque comic sublimation hiding the mother figure behind fictional characters physically attractive but psychologically repellent all the while couching his fiction in an ironic tone that evoked humor however lacking in humor the subtext might be In this manner he could deny to himself that the mother figure always lurked in his work and by that denial deny that he was a victim of oral regression For as Edmund Bergler argues the creative writer who acknowledges his oral dependency will inevitably succumb to writer's block Mann's late work reveals that his defense against the Gorgon is crumbling In Doctor Faustus Mann portrays Adrian Leverkühn as ultimately the victim of oral regression but the fact that Mann was able to compete the novel despite severe physical illness and psychological distress demonstrates that he himself was still holding writer's block at bay In Confessions of Felix Krull Confidence Man a narrative that he had abandoned forty years before Mann was finally forced to acknowledge that he was depleted of creative vitality but not of his capacity for irony brilliantly couching the victorious return of the repressed in ambiguity This study will be of interest to general readers who enjoy Mann's narrative art to students of Mann's work especially its psychological and mythological aspects and to students of the psychology of artistic creativity

The Mind in Exile Stanley

Corngold,2024-11-19 A unique look at Thomas Mann's intellectual and political transformation during the crucial years of his exile in the United States In September 1938 Thomas Mann the Nobel Prize winning author of Death in Venice and The Magic Mountain fled Nazi Germany for the United States Heralded as the greatest living man of letters Mann settled in Princeton New Jersey where for nearly three years he was stunningly productive as a novelist university lecturer and public intellectual In The Mind in Exile Stanley Corngold portrays in vivid detail this crucial station in Mann's journey from arch European conservative to liberal conservative to ardent social democrat On the knife edge of an exile that would last fully fourteen years Mann declared Where I am there is Germany I carry my German culture in me At Princeton Mann nourished an authentic German culture that he furiously observed was going to the dogs under Hitler Here he wrote great chunks of his brilliant novel Lotte in Weimar The Beloved Returns the witty novella The Transposed Heads and the first chapters of Joseph the Provider which contain intimations of his beloved President Roosevelt's economic policies Each of Mann's university lectures on Goethe Freud Wagner attracted nearly 1 000 auditors among them the baseball catcher linguist and O S S spy Moe Berg Meanwhile Mann had the determination to travel throughout the United States where he delivered countless speeches in defense of democratic values In Princeton Mann exercised his stupendous capacity for work in a circle of friends all highly accomplished exiles including Hermann Broch Albert Einstein and Erich Kahler The Mind in Exile portrays this luminous constellation of intellectuals at an extraordinary time and place

Thomas Mann's War Tobias Boes,2019-11-15

In Thomas Mann's War Tobias Boes traces how the acclaimed and bestselling author became one of America's most

prominent anti fascists and the spokesperson for a German cultural ideal that Nazism had perverted Thomas Mann winner of the 1929 Nobel Prize in literature and author of such world renowned novels as Buddenbrooks and The Magic Mountain began his self imposed exile in the United States in 1938 having fled his native Germany in the wake of Nazi persecution and public burnings of his books Mann embraced his role as a public intellectual deftly using his literary reputation and his connections in an increasingly global publishing industry to refute Nazi propaganda As Boes shows Mann undertook successful lecture tours of the country and penned widely read articles that alerted US audiences and readers to the dangers of complacency in the face of Nazism s existential threat Spanning four decades from the eve of World War I when Mann was first translated into English to 1952 the year in which he left an America increasingly disfigured by McCarthyism Boes establishes Mann as a significant figure in the wartime global republic of letters Open access edition funded by the National Endowment for the Humanities

Thomas Mann Herbert Lehnert,Eva Wessell,2019-04-11 This concise yet thorough critical biography throws new light on the work of German novelist short story writer essayist and social critic Thomas Mann It also offers a fresh look at the value of his short stories Looking closely at how Mann s brother Heinrich as well as the work of philosophers notably Schopenhauer Nietzsche and Goethe influenced Mann s writing Herbert Lehnert and Eva Wessell reveal how Mann s fictional worlds criticized the prevailing bourgeois order and how his first novel Buddenbrooks signaled the need for change Lehnert and Wessell also explore the lasting significance of such groundbreaking works as The Magic Mountain Death in Venice and Doctor Faustus a novel that in view of fascism asks whether the bourgeois culture of the individual has not become diseased Thomas Mann also investigates Mann s political views from his anti Nazi speeches to his anti McCarthyist activities The book offers an engaging fresh account of an essential German writer one which illustrates how the context of Mann s life shaped his achievements

The Spell of Italy Richard A. Block,2006 Annotation A study of the lure of Italy in German culture from the eighteenth to the twentieth century

Thomas Mann Erich Heller,1981-03-12 Professor Heller sees Mann as an ironic writer and the late heir of the central tradition of modern German literature

Thomas Mann in English David Horton,2013-04-11 Thomas Mann owes his place in world literature to the dissemination of his works through translation Indeed it was the monumental success of the original English translations that earned him the title of the greatest living man of letters during his years in American exile 1938 52 This book provides the first systematic exploration of the English versions illustrating the vicissitudes of literary translation through a principled discussion of a major author The study illuminates the contexts in which the translations were produced before exploring the transformations Mann s work has undergone in the process of transfer An exemplary analysis of selected textual dimensions demonstrates the multiplicity of factors which impinge upon literary translation leading far beyond the traditional preoccupation with issues of equivalence Thomas Mann in English thus fills a gap both in translation studies where Thomas Mann serves as a constant but ill defined point of reference and in literary studies which has focused increasingly on the

author's wider reception **The Seduction of Culture in German History** Wolf Lepenies, 2009-01-10 During the Allied bombing of Germany Hitler was more distressed by the loss of cultural treasures than by the leveling of homes Remarkably his propagandists broadcast this fact convinced that it would reveal not his callousness but his sensitivity the destruction had failed to crush his artist's spirit It is impossible to begin to make sense of this thinking without understanding what Wolf Lepenies calls The Seduction of Culture in German History This fascinating and unusual book tells the story of an arguably catastrophic German habit that of valuing cultural achievement above all else and envisioning it as a noble substitute for politics Lepenies examines how this tendency has affected German history from the late eighteenth century to today He argues that the German preference for art over politics is essential to understanding the peculiar nature of Nazism including its aesthetic appeal to many Germans and others and the fact that Hitler and many in his circle were failed artists and intellectuals who seem to have practiced their politics as a substitute form of art In a series of historical intellectual literary and artistic vignettes told in an essayistic style full of compelling aphorisms this wide ranging book pays special attention to Goethe and Thomas Mann and also contains brilliant discussions of such diverse figures as Novalis Walt Whitman Leo Strauss and Allan Bloom The Seduction of Culture in German History is concerned not only with Germany but with how the German obsession with culture sense of cultural superiority and scorn of politics have affected its relations with other countries France and the United States in particular Imagining the Age of Goethe in German Literature, 1970-2010 John David Pizer, 2011 This is the first book length study devoted to modern German author as character fiction set in the Age of Goethe It shows for the first time in a sustained manner the powerful hold the Goethezeit continues to exercise on the imagination of many of Germany's leading writers This inner German dialogue across the ages provides an important corrective to the dominant critical view that contemporary German language literature is composed primarily under the sign of both globalization and the influence of mass American culture Book cover

This Captivating World of Kindle Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A Realm of Ease and Versatility Kindle books, with their inherent portability and ease of availability, have freed readers from the limitations of physical books. Done are the days of carrying cumbersome novels or meticulously searching for specific titles in shops.
