B-Sides, Undercurrents and Overtones: Peripheries to Popular in Music, 1960 to the Present George Plasketes, 2016-05-23 There are undercurrents and peripheral taste preferences that are a defining part of our individual and collective cultural experience Music is no exception George Plasketes adapts the iconic A side B side dichotomy from the 45 r p m for use as a unique conceptual critical historical and cultural framework for exploring and threading together a variety of popular music and media texts The profiles and perspectives focus on the peripheries on texts which might be considered B sides overlooked underappreciated and unsung cases creators patterns and productions that have unassumingly but significantly marked popular culture music and media during the past 40 years The underappreciated yet enduring contributions of a variety of creative individuals in music television and film are a centerpiece of this volume actress Doris Day's son Terry Melcher a 1960s music producer whose imprint is on the surf country blues garage pop and most importantly the folk rock genre Hans Fenger's kid chorus cover project a musical variation of outsider art that became representative of the tribute wave that began in the 1990s and continues today versatile guitarist virtuoso Ry Cooder's extensive film soundtrack work World Music missionary efforts of American artists beyond Paul Simon's Graceland including

Neil Diamond's precursor with Tap Root Manuscript in the 1970s and the exotic adventures of Henry Kaiser and David Lindley in Madagascar and Norway to name just a few examples. Collectively these B sides are an A side antidote of outskirts observations individual snapshots of artists artifacts and rituals genres and generations producers and musical productions in television film and video. They constitute an important connect the dots cultural chronicle with a multi layered context social legal historic economic technological generational aesthetic for interpreting the interrelations between creators and institutions the music market place the production of culture and important connections between the peripheral and the popular.
