Confusion Paul Strangio, Nick Dyrenfurth, 2009-11-15 In *Confusion* some of Australia's foremost political historians including Judith Brett and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth The Australian party system as we still largely know it one hundred years on had crystallised How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago

In Denial Robert Manne, 2001-04-01 In this national bestseller Robert Manne attacks the right wing campaign against the Bringing them home report that revealed how thousands of Aboriginal children had been taken from their parents What was the role of Paddy McGuinness as editor of *Quadrant* How reliable was the evidence that led newspaper columnists from Piers Akerman in the *Sydney Daily Telegraph* to Andrew Bolt in the *Melbourne Herald Sun* to deny the gravity of the injustice done In a powerful indictment of past government policies towards the indigenous Australians Robert Manne has written a brilliant polemical essay which doubles as a succinct history of how indigenous Australians were mistreated and an exposure of the ignorance of those who want to deny that history In complex intellectual conflicts there will always be argument about whether the antagonists are committed to finding the truth or to winning the battle This essay tells us that Robert Manne is intent on finding the truth

democracies Between Consenting Peoples Jeremy H. A. Webber, Colin Murray Macleod, 2010 Consent has long been used to establish the legitimacy of society But when one asks who consented how to what type of community consent becomes very elusive more myth than reality In Between Consenting Peoples leading scholars in legal and political theory examine the different ways in which consent has been used to justify political communities and the authority of law especially in indigenous nonindigenous relations They explore the kind of consent the kind of attachment that might ground political community and establish a fair relationship between indigenous and nonindigenous peoples The Backroom Boys Graeme Sligo, 2013-10-05 The Backroom Boys is the remarkable but little known story of how a varied group of talented intellectuals drafted into the Australian Army in the dark days of 1942 provided high level policy advice to Australia's most senior soldier General Blamey and through him to the Government for the remainder of the war and beyond This band of academics lawyers and New Guinea patrol officers formed a unique military unit the Directorate of Research and Civil Affairs under the command of an eccentric and masterful string puller Alf Conlon The Directorate has been depicted as a haven for underemployed poets or meddlesome soldier politicians Based on wide ranging research this book reveals a fuller and more fascinating picture The fierce conflicts in the wartime bureaucracy between public servants and soldiers in which the Directorate provided critical support to Blamey went to the heart of military command accountability and the profession of arms The Directorate was a pioneer in developing approaches to military government in areas liberated by the combat troops as demonstrated by the Australian Army in New Guinea and Borneo in 1945-46 It is an issue of enduring importance The Directorate established the Australian School of Pacific Administration and had an important role in founding the Australian National University Its influence extended into post war Australia The Backroom Boys emphasises the personality of Colonel Alf Conlon as well as the talented men and women he recruited Above all this book shows how unexpectedly the Australian Army fostered a group of men and women who made a lasting contribution to the development of Australia in the decades after the war **The House That Jack Built** James Colman, 2016-09-01 This is the story of how an ordinary bloke from the bush became the key figure in a movement that would change the shape of our cities and bring about lasting political and legal reform This is the story of the house that Jack Munday built Without the green bans movement of the 1970s Sydney and many other cities would look very different Pulling together an unlikely alliance of environmentalists and union players earned Jack Munday a reputation as both the best known unionist and best known conservationist in Australia Under his leadership the movement fought against the slash and burn philosophy that almost saw The Rocks fitted out with high rise buildings a highway through the centre of Glebe and total development of Centennial Park In this long awaited book James Colman reflects on Jack's remarkable life and his ongoing legacy Munday overturned the bulldozer mentality of the 1960s and 1970s and helped to persuade Australians everywhere to cherish and protect the heritage of special buildings places and sites **Australia's Boldest Experiment** Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre
