Nursing Datasource 1993:

Nursing Datasource 1993 National League for Nursing Press (NLN Press), 1993-01 *Nursing Datasource*, 1990
Nursing Datasource 1993, 1993-01 **Nursing Datasource, 1993**, 1993-01 *Health, United States*, 2003
Indexes to the Publications of the National League for Nursing Alice Roth, 1996 **Statistical Abstract of the United States, 1993** United States. Bureau of the Census, 1993-11 **Minorities and Women in the Health Fields**, 1994
United States Health Workforce Personnel Factbook, 1998 Compilation of data culled from more than a dozen professional associations and government agencies With 71 detailed tables it paints a comprehensive descriptive picture of the health care workforce Current and past supply of physicians dentists nurses pharmacists optometrists podiatrists and allied health professionals are covered The number of schools and first year enrollment patterns for most health care disciplines are included Trends in practice are depicted in tables that track the number of hospitals hospital based personnel and national health care spending over time **Hispanic Voices** Sara Torres, 1999 Hispanic Voices is the second in our series of books on the health issues that affect distinct communities Here prominent educators explore the pressing cultural and health needs of Hispanics Discussions on poverty and children risks of immigration HIV AIDS stress and depression the homeless migrant farm workers racism lifestyles community spiritual values and more depict the complexity of problems affecting the health of Hispanics everywhere Essential for all health educators students community activists anyone interested in the future of health care **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1993 *Asian - Pacific Islander American Health* Loretta D. Ulincy, 1995-07 Lists selected references of monographs journal articles conference proceedings and abstracts dissertations and audiovisuals published from January 1990 through March 1995 Foreign language material is included Arranged in subject categories following the Healthy People 2000 initiative of the U S Department of Health and Human Services Serves as a useful resource for health professionals and designed for those who are interested in gaining a better understanding of health issues Health Statistics Frieda O. Weise, Patricia G. Hinegardner, Barbara L. Kuchan, Phyllis S. Lansing, 1997 Well organized comprehensive and up to date Health Statistics provides information professionals researchers students health planners and policy makers with complete information on health statistics resources in the United States **Diabetes in America**, 1995 **"Code of Massachusetts regulations, 1993"**, 1993 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 Health United States 1995 Kate Prager, Diane M. Makuc, Jacob J. Feldman, 1998-10 *Midwifery & Childbirth* J. Pence, Childbirth is both a profound experience and a contested subject The experience of women has complex medical historical cultural and public policy dimensions In this book Judith Rooks achieves the rare feat of bringing these dimensions together in a way that can be appreciated by health care planners midwives physicians and women considering pregnancy The author vividly describes the history of struggle among

health care providers over the meaning and handling of the birth process The medical model and the midwifery model continue to collide today the former focusing on pathology and monitoring the patient for it the latter focusing on birth as a normal healthy process The education and professional training of those who care for women during pregnancy childbirth and the important postpartum period reflects these divisions Obstetrics family physicians midwives nurses and others play roles in providing the necessary care In focusing on midwives Rooks deals fairly and sensitively between certified nurse midwives and direct entry midwives most of whom lack formal educational preparation in midwifery This book describes clearly and with documented scientific evidence the specific benefits of the midwifery approach to the care of pregnant women and their families In clear language accessible to the lay reader Rooks summarizes the research on the unintended effects of obstetrical interventions such as episiotomies epidurals C sections and continuous electronic fetal heart monitoring and the effectiveness and important benefits of an approach that focuses on the positive potential of childbearing as contrasted with a narrow focus of potential for pathology While she acknowledges the importance of access to medical care extensive research shows the advantages of the midwifery approach Much that passes for routine obstetric care in the United States has been found to be unnecessary ineffective or even harmful when applied to women with normal pregnancies The arguments over the control of childbirth are set in the context of recent changes in health care including the current transition to managed care the impact of the women s movement and movements for natural childbirth home birth and breastfeeding and women s fear of and concern about the pain associated with labor Rooks also explains the influence of the reports and recommendations of prestigious scientific and health policy commissions and of federal initiatives and programs on the care provided to pregnant women in this country She contrasts U S practices with those of comparable industrialized countries like the European states Canada Australia New Zealand and Japan *Health Care Financing Review* ,1992

Biennial Review of Health Care Management Grant T. Savage, Myron D. Fottler, 2009-08-07 Features reviews of health care management linking concerns about health care workforce management with health care organization management issues This book focuses on health care workforce management issues including allied health professionals nurses and physicians and on health care organization management issues **Vocational and Technical Resources for Community College Libraries** Mary Ann Laun, 1995
