**Meanings of Pain** Simon van Rysewyk, 2019-08-31 Experiential evidence shows that pain is associated with common meanings These include a meaning of threat or danger which is experienced as immediately distressing or unpleasant cognitive meanings which are focused on the long term consequences of having chronic pain and existential meanings such as hopelessness which are more about the person with chronic pain than the pain itself This interdisciplinary book the second in the three volume Meanings of Pain series edited by Dr Simon van Rysewyk aims to better understand pain by describing experiences of pain and the meanings these experiences hold for the people living through them The lived experiences of pain described here involve various types of chronic pain including spinal pain labour pain rheumatic pain diabetic peripheral neuropathic pain fibromyalgia complex regional pain syndrome endometriosis associated pain and cancer related pain Two chapters provide narrative descriptions of pain recounted and interpreted by people with pain Language is important to understanding the meaning of pain since it is the primary tool human beings use to manipulate meaning As discussed in the book linguistic meaning may hold clues to understanding some pain related experiences including the stigmatisation of people with pain the dynamics of patient clinician communication and other issues such as relationships between pain public policy and the law and attempts to develop a taxonomy of pain that is meaningful for patients Clinical implications are described in each chapter This book is intended for people with pain their family members or caregivers clinicians researchers advocates and policy makers

**Nursing Theory, Postmodernism, Post-structuralism, and Foucault** Olga Petrovskaya, 2022-09-30 Nursing Theory Postmodernism Post structuralism and Foucault critiques mainstream American nursing theory and its use of post structural theory comparing and contrasting how postmodern and post structural ideas have been used fruitfully in nursing research and theorizing elsewhere In the late 1980s references to post structuralism and Michel Foucault started to appear in nursing journals Since then hundreds of nursing publications have cited postmodernism and key post structural ideas such as power knowledge discourse and de centring the human subject In Nursing Theory Postmodernism Post structuralism and Foucault Olga Petrovskaya argues that the application of these ideas is markedly different in American nursing theory scholarship compared to nursing theoretical scholarship generated outside the canon of unique nursing theory Analysing relevant literature from the late 1980s through 2010s she demonstrates this difference arguing that American nursing theory calcified into a matrix of dogmas built on logical positivism wary of borrowed theory and loyal to a unique nursing science Post structural ideas that fit the matrix such as criticism of medicine are sanctioned whereas ideas sceptical of humanistic agendas including those that challenge

American nursing theory are rendered meaningless In contrast other nurse scholars from Britain Australia Canada and what the author calls the American enclave group engaged with postmodern and post structural perspectives to enrich their research and invite readers to rethink nursing practice The book showcases examples of their intelligent creative theorizing Arguing that American nursing theory enervated nursing theorizing Petrovskaya calls for opening this matrix to theoretical and methodological creativity less rigid categories of scholarship and healthy self examination Making the case that post structural ideas are vital for nurses ability to critically reflect on their discipline and profession this is a necessary read for all those interested in nursing theory philosophy and praxis Chapter 1 of this book is available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
