Care Planning in Infants, Children and Young People's Nursing Sonya Clarke,Doris Corkin,2023-08-18 Develop a care program to meet a child s individual needs with this essential guide Even seemingly minor decisions can have a

significant impact on the early development of a child so it is essential for children to receive a carefully tailored program designed to meet the needs and concerns of each individual child. The second edition of *Care Planning in Children and Young People's Nursing* adds significant scope and material to the already vital first edition. Taking a child, young person and family centred approach, it offers a comprehensive and accessible discussion of care planning with continuous reference to core principles and nursing values. This new edition continues to be a fundamental resource for the planning and execution of high quality children's and young people's nursing care. Readers of the second edition will also find detailed case scenarios designed to cultivate discussion and produce greater competence. Increased emphasis on the voices of children and young people. In depth discussion of care planning for specific conditions including new chapters on Sickle Cell Disease, Mental Health and Wellbeing of Children and Young People, Transition from Children's to Adults Services and more. *Care Planning in Children and Young People's Nursing* is a must have for children's nurses or for any nursing professionals involved in the care of children and young people.
