belief in the existence of a working class waiting to be led in a radical direction The leading figures of the Left often had limited direct contact with working people but within their narratives the responses of their target audience were predictable and automatic The Left created an idealised working class that behaved as the Left wished In addition the book questions the popular view often enhanced by biographers of many of these Labour Left leaders The Hutchinson Encyclopedia of Modern Political Biography Ahmed Aghrout,1999 **The Autobiography of a Nation** Becky Conekin,2003-06-28 The first full length study on the 1951 Festival of Britain LIFE ,1951-05-07 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Reader's Guide to British History* David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

Dictionary of Labour Biography Keith Gildart,David Howell,2020-01-31 The Dictionary of Labour Biography has an outstanding reputation as a reference work for the study of nineteenth and twentieth century British history Volume XV maintains this standard of original and thorough scholarship Each entry is written by a specialist drawing on an array of primary and secondary sources The biographical essays engage with recent historiographical developments in the field of labour history The scope of the volume emphasises the ethnic and national diversity of the British labour movement and neglected political traditions *Eminent Parliamentarians* Philip Norton,2012-10-22 To celebrate the centenary of the 1911 Parliament Act John Bercow Speaker of the House of Commons instigated a series of public lectures in which current parliamentarians assessed the careers and characters of parliamentary giants The result was a sequence of fascinating appraisals covering a distinguished but eclectic array of politicians who made a name for themselves not only in the House of Commons but also throughout the country The subjects of the lectures came from diverse backgrounds advocated very different political philosophies and indeed some make surprising bedfellows But they all had one thing in common driven by a set of particular beliefs they were prepared to do whatever was necessary in pursuit of their goals From Nicholas Soames s warm familial tribute to his grandfather Winston Churchill to Neil Kinnock s account of an affectionate though sometimes fraught relationship with Michael Foot the roll call of both lecturers and subjects is outstanding With his subject sitting in the audience Tristram Hunt delivers the lecture on Tony Benn Shirley Williams looks at the life of Nancy Astor the first woman to take her seat in Parliament Philip Norton and Peter Tapsell tackle the towering figures of Enoch Powell and F E Smith as an authority on his subject Kenneth Morgan discusses David Lloyd George while fellow historian Gordon Marsden speaks on

Aneurin Bevan Douglas Hurd reflects on the life of Iain Macleod and Andrew Adonis and John Whittingdale both provide an insider's insight into the parliamentary lives of Roy Jenkins and Margaret Thatcher With a foreword by John Bercow and an introduction by Philip Norton this is an impressive collection of lectures delivered by expert speakers on the most eminent of parliamentarians

Attlee Nick Thomas-Symonds, 2023-10-05 Clement Attlee the man who created the welfare state and decolonised vast swathes of the British Empire including India has been acclaimed by many as Britain's greatest twentieth century Prime Minister Yet somehow Attlee the man remains elusive and little known How did such a moderate modest man bring about so many enduring changes What are the secrets of his leadership style And how do his personal attributes account for both his spectacular successes and his apparent failures When Attlee became Prime Minister in July 1945 he was the leader of a Labour party that had won a landslide victory With almost 50 percent of the popular vote Attlee seemed to have achieved the platform for Labour to dominate post war British politics Yet just 6 years and 3 months after the 1945 victory and despite all Attlee's governments had appeared to achieve Labour was out of office condemned to opposition for a further 13 years This presents one of the great paradoxes of twentieth century British history how Attlee's government achieved so much but lost power so quickly But perhaps the greatest paradox was Attlee himself Attlee's obituary in The Times in 1967 stated that much of what he did was memorable very little that he said This new biography based on extensive research into Attlee's papers and first hand interviews examines the myths that have arisen around this key figure of British political life and provides a vivid portrait of the man and his politics
