debt and poverty and a prison industry that regulates and houses the unemployed as well as a reserve army of laborers In *Keeping Up with the Dow Joneses* Prashad argues that the advent of mass production and advertising has converted citizens into consumers whose desires are captured by the phrase keeping up with the Joneses Yet as Prashad so persuasively demonstrates keeping up with the Joneses is a trap Americans have gone into massive consumer debt with the poorest forty percent of the public borrowing money to compensate for stagnant incomes not to spend on luxuries Only the richest twenty percent borrow money to invest in stocks Not surprisingly in the last few years income and wealth differentials have risen to record highs By making crystal clear connections between the economy welfare reform and the profit driven prison industrial complex Prashad offers a vision for a sustainable and vital anti imperialist movement Vijay Prashad is Associate Professor and Director of International Studies Trinity College He is the author of several books including *Everybody Was Kung Fu Fighting* *Afro Asian Connections* and *The Myth of Cultural Purity* *Fat Cats and Running Dogs* and *The Karma of Brown Folk* Each was included in the *Village Voice* s 25 Best Books of the Year list
